NO. 283.

## RYE, TOO BIG, IS BEING PLOWED UP

PROSPERITY SIGNS PROLIFIC ON NODAWAY COUNTY FARMS.

## ALFALFA PROVES FINE; CORN PLANTING ON

Farmers Increase Lucerne Acreage—No Hessian Fly Indications—Oats, Wheat and Fruit Look Good.

Prosperity notes a plenty are to be found in a hasty and a not even far reaching tour of the rural sections of Nodaway county at present. But perhaps the one most convincing that Nodaway county land is really rich and fertile and the climate all that one could wish for bumper crops this season is to be found on the farm of James Pyles, who lives northwest of Maryville, scarcely out of the city limits.

A hasty glance from the road might lead one to believe that the scene at the side of the highway shows one of misfortune and hard luck, but the surprise comes when one asks the plowman the why and the wherefore of the activity seen from the roadside.

No Hessian Flies, Belief. For there can be found a 12-acre field of rye, standing from two to three feet high and stooled out until one stalk can scarcely lean without hitting a partner stalk. But in the midst of this is the blow boy ruthlessly turning under the rich crop, preparatory to planting it to corn instead this season.

"Are there bugs or Hessian flies in it?" one asks the plowboy, wondering.

But no. This is the answer from the plowboy and from Mr. Pyles: "The crop is becoming too heavy and the stalks so high that it is feared the rye will fall before ripe and go to waste, so corn will be planted instead."

Pasturing Did No Good. Wouldn't that jar you? Too rich and too heavy, that a "set-back" must be provided or else the crop must be turned under. Really, Mr. Pyles did offer a "set-back" to the rye, but to no avail. For all last winter Mr. Pyles pastured the rye with ten head of horses and from four to six head of cattle.

Further than that, the rye was not sown until late last October, and that on a field that had been in corn that year, had just been cut and shocked in the field, and the field not even plowed for the rye, but merely disced and the rye drilled in.

Of course, land on other farms over Nodaway would probably have produced the same result; in fact, there is no doubt of it. This is merely an incident of the rich clover that Nodaway farmers and their families are now rolling in.

Alfalfa Grows in Favor. Mr. Pyles also has several acres of 2-year-old alfalfa, almost ready to cut, and is sowing more this spring, on account of the success he has had with his trial patch. Other farmers over Nodaway who have experimented report the same happy results, and the acreage continues to grow.

The tardiness of spring this year did, however, set back the spring farm work somewhat, with the result that the oats, though in fairly good condition, are backward, and the corn planting has just begun. In some places the oats are spotted or streaked a little, on account of the tardiness in getting them sown and in having insufficient time in which to properly prepare the seedbed in some instances.

With plenty of moisture until near ripening time, however, and no insects to rust or result, the farmers expect a good oat crop. Plowing for corn is now the principal occupation on the farms, while some already are harrowing the ground or beginning to plant.

Fruit Outlook Good. Wheat is looking fine and is well stooled out, despite the fact that much of it was sown extremely late last fall to avoid the Hessian fly or other insects that are enemies to the wheat.

No Hessian fly larvae are to be found in the wheat or rye stalks, and the belief among farmers is that the enemy has vanished.

The fruit crop, with the exception of peaches, will be heavy, indications are. Vegetables also are showing up well in the farm gardens, as is the case in

the back yards of Maryville homes. Peaches were rendered nil last winter by the severe freeze, it is believed. Blossoms on the apple, cherry, plum and pear trees, however, are unusually thick, and indicative of a plentiful result. Strawberries and black and raspberries also look good.

## SCHOOL FACULTY INCREASED

Clearmont to Have Nine Months Term for Coming Year.

The school year for the Clearmont high school has been changed from an eight months to a nine months term and one teacher has been added to the faculty.

The teaching force for next year will include the principal and four teachers. These changes were made at a recent meeting of the school board which is composed of John Burch, Charles McDermitt, James Dailey, S. P. Sullivan, B. C. Sowers and Roy Hanna.

Prof. George W. Summerville, who was principal last year, has been re-elected for next year, and Miss Neva Wallace, grammar teacher and high school assistant, has been re-elected and given high school work alone for the coming term. The extra teacher to be employed will be in the grammar department.

The remainder of the faculty will be chosen at the next board meeting. The Clearmont school has recently been placed on the approved list with three years high school work.

Prof. Summerville left last week at the close of the term for Columbia, where he will take a special course in study at Missouri university this summer.

## TARKIO PLANS MUSICAL FESTIVAL

New York Symphony Orchestra, Assisted by Musicians There, Will Appear May 4 and 5.

The sixteenth annual musical festival, under the direction of the Conservatory of Music of Tarkio college, will be given at Tarkio, May 4 and 5. The indications are that it will be by far the most important of these celebrated events.

A remarkably meritorious program is to be presented upon this occasion, headed by the New York Symphony orchestra, with Walter Damrosch as conductor. There are fifty pieces in the orchestra, and this will be the first time it has ever been heard this far west.

In addition, the Tarkio Oratorio association will present ninety voices, under the direction of Alfred H. Meyer. There will be ten soloists.

## BREWER, REFEREE AT TRENTON.

Maryville High School to Enter Athletic Meet There May 7.

C. L. Brewer athletic director at the University of Missouri, who refereed the track meet and field meet events here last Friday, has contracted to also referee the events at Trenton high school meet May 7. Eleven schools have already signified their intention of entering the Trenton meet. They are Maryville, Breckenridge, Carrollton, Chillicothe, Lathrop, Princeton, Stanberry, Seymour, Trenton, Pottsburg and Gallatin.

Two large loving cups have been received to be given to the school securing the largest number of points and the one winning the relay race. A cup will also be given to the high school athlete who breaks the record in the mile run, and another to the one breaking the half-mile run record.

## THOMPSON RITES HELD TODAY.

Services Conducted at the Christian Church in Burlington Junction.

The funeral services for John Thompson, who died Tuesday afternoon at his home, in Burlington Junction, were held at 2 o'clock this afternoon at the Christian church in Burlington Junction. The services were conducted by the Rev. J. H. Weaver and the burial was made in the Burlington Junction cemetery.

Austin Thompson, his sister, Mrs. E. Calvert of Lyman, Col., and Mrs. J. W. May of Bentonville, Ark., son and daughters of Mr. Thompson, arrived in Burlington Junction last night to attend their father's funeral.

## Excelsior School to Close.

The school term at the Excelsior school, ten miles northeast of Maryville, will close Friday, and the day will be spent with a basket dinner, given by the patrons, and a program to be presented by the children of the school. Miss Gertrude Lyle is the teacher.

## LEVIED TOO MUCH? NOW STATE ARRESTS YEAMAN

BELIEVE JEFFERSON, NODAWAY AND ATCHISON OVER-TAXED.

## DOUBLED LAW PERMIT

County Gets 40 Cents of Permissible 75 Cent Duty—Jefferson Would Use 50 Cents.

That the special road and bridge tax of 50 cents on the \$100 valuation, levied by the township board of Jefferson township recently, is contrary to the existing statute laws of Missouri, and is 25 cents more than is lawful, is indicated in an opinion handed down by W. T. Rutherford, assistant attorney general of Missouri, transmitted to County Clerk Fred J. Yeomans. Anyway, the matter is "up in the air," and some untangling will have to be done before the exact status can be determined.

The levy made this spring by two other townships of the county also conflicts, indications are. They are in the cases of Nodaway and Atchison townships, each of which levied 15 cents above that provided by the existing laws.

## County Gets 40 Cents.

The provisions in Nodaway county are that the county shall receive a levy of 40 cents on the \$100 valuation in each township for general expenses, the township 10 cents on the \$100 valuation, in the regular 50-cent levy, and that any township may levy an extra 25 cents on each \$100 valuation, to be known as "special road and bridge tax," under the provisions of statute No. 11769, passed in 1909. The statute in full is:

"The county court of any county of the state which is not under township organization, and the township board of directors of any township in any county which is under township organization, may annually, in their discretion, at the same time and in the same manner as taxes are now required by law to be levied for county purposes, levy an annual tax in addition to those now authorized by law in any amount not exceeding 25 cents on each \$100 valuation on all property subject to taxation in such county or township, to be known as a special road and bridge tax."

## Take Up Tax Levy Monday.

The laws therefore provide that a township may levy a total of 75 cents on the \$100 valuation, but that 40 cents shall go to the county, leaving 10 cents in the regular levy for the township and 25 cents special for road and bridge building. Under the action of the Jefferson township board, a total levy of \$1 on the \$100 is indicated, giving the township 50 cents levy and the county 40 cents. In Atchison and Nodaway townships the county would get 40 cents and the townships 50 cents, instead of 35 cents, as provided.

The annual tax levy for Independence, Hopkins and Monroe townships submitted to the county court this week is in accordance with the provisions of the law in every way, and will not be questioned. The county court will take up the annual tax levy business when it meets next Monday. It is believed the levy this year will be virtually the same as in the last year.

## FORM TOWNSHIP ORGANIZATION.

Monroe Sunday Schools Hold Meeting Tuesday at Skidmore.

The Sunday schools of Monroe township held an inter-denominational convention at Skidmore Tuesday to perfect a township organization.

The officers chosen were G. L. Owen, president; William Howden, vice president; Miss Anna Linville, secretary; Fred M. Barrett, treasurer; Mrs. T. C. Gray, superintendent of elementary department; Miss Maude Linville, secretary; Ray Strickler, adult; Rev. W. H. Welton, home; H. W. Montgomery, temperance, and Miss Vera Cunningham, missionary department.

An interesting and instructive program was given at the convention, which was held in the Christian church.

The meeting was one of a series which is being held in each township under the direction of the county organization. Seven townships are yet unorganized into individual associations, and these meetings are now being arranged and will be held within the next two weeks.

Officers Taken in Show. Sheriff Edwin Wallace and Chief of Police E. C. Moberly went to St. Joseph yesterday afternoon to attend the 101 wild west show last night and to see Jesse Willard, heavyweight champion in vanderbilt.

## LIFE MOST WANTED

METHODIST EVANGELIST TELLS MEN'S GREATEST DESIRE.

## "WHY BE A CHRISTIAN"

The Rev. Mr. Price Will Discuss Value of Church Affiliation to First Methodists Tonight.

Methodist Revival Calendar.

Tonight, 7:30 o'clock—Special prayer meeting for women in the Epworth League room.

Tonight, 7:30 o'clock—Special prayer meeting for men in the primary department room.

Tonight, 8 o'clock—Regular service for Normal, high school and Business college students.

The Rev. Thurston B. Price, who is conducting evangelistic services at the First Methodist church, will preach tonight from the subject "The Reasonableness of Being a Christian and the Folly of Not Being."

Tomorrow night the evangelist will preach a special sermon to students, taking for his sermon subject "Tracing the Life of a Boy." There will be special music by the glee club and by the Rev. E. N. Guice, who is directing the chorus choir.

Last night the song service was particularly good and the solo, "Shadows," by Mr. Guice, very pleasing.

What Men Most Want.

The Rev. Mr. Price took for his sermon subject last night "What is It That Men Most Want?" He said in part:

"You raise the question in the average crowd of men or women, what it is that men most want? and instantly some one will tell you that it's money. That money is the crying passion of men of today. That the world is rushing pell mell in its mighty rush after money."

"Now, I am willing to acknowledge that men are sacrificing honor, men are sacrificing many things that they hold dear in the pell mell, mad rush after money, but I am not willing to acknowledge—not for one brief instant—that money is the real crying, yearning desire of the human heart."

Why? Because I know men, and I think you know men. Men that have all the money that they can possibly handle. Men whose annual income is so immense that they do not even know what it is; men who are worth millions upon millions of dollars, and yet men who do not know one single hour of peace and contentment and satisfaction in life.

The Secret Revealed.

"Down deep in every breast there is a God-given assurance for everlasting life. . . . The Book of God says, and human experience proves it is true, that as the heart panteth after the water brook, so panteth the heart of man after God. . . . Down deep in every human heart there is the longing to know that all is well between the soul and God."

"If life and eternal life is the burning desire of the human heart, is it possible for all men to have their chief desire gratified? Is it possible for all men to have that which they want most? If it was money I would have to answer no; if it was luxuries, I would have to say no."

## Eternal Life a Gift.

"If the scientific, or the medical, or the philosophical world cannot give this to you, and God alone can't give it to you, 'does it not become an interesting matter to you, how shall the human soul go about it coming into the right relationship with God that he may obtain God's favor, and through God's favor obtain the assurance of everlasting life?'"

"You cannot earn eternal life, you cannot work your way into the Kingdom of God. . . . There is no such thing as a short cut to heaven. You can't beat your way into the Kingdom of God."

"The great block over which most men are stumbling is that they are all ready to grant you some things, but when it comes down to the acknowledgment that they need the mercy of God, they balk. . . . You will never get anywhere until you shell down the corn, and get down to business."

Visits in St. Joseph.

The Rev. Father Freund of Clyde was the guest of the priests of St. Joseph's cathedral parish at St. Joseph yesterday.

Parker & Proffitt, J. Owens, J. H. Lemon and George Jones had stock shipments on the St. Joseph market yesterday.

Mrs. Carl Murray and children left yesterday for a short visit with relatives at Pawnee, Okla.

Barber Fined Yesterday by City for Gaming, Now Charged in Circuit Court.

Roy O. Yeaman, fined \$50 and costs of \$11.65 in police court yesterday for allowing a gaming device to be set up and operated in a place under his possession, was arrested late yesterday afternoon on a warrant filed by Prosecuting Attorney W. G. Sawyers, charging him with a similar violation. He gave bond for \$200 for his release pending arraignment in circuit court here May 14, when the court convenes next. Yeaman will not be tried before next September, should he deny his guilt on the state charge.

Lincoln Gets Road Money.

County Treasurer Turns Over \$25,069.25 Special Bridge Improvement Fund.

Receipts for \$25,069.25, comprising the \$25,000 special road fund voted last fall for Lincoln township bridge and culvert improvement, and the premium of \$69.25, was filed with the county court today by C. E. Graham, trustee of Lincoln township. The money was turned over by County Treasurer W. R. Tilson after the state auditor and the bond purchasers in Chicago had passed on and approved the bonds.

The bonds bear 5 1/2 per cent interest, payable in annual installments, all bearing date of March 1. They were sold last February. John H. Clary, former county highway engineer, will have charge of the permanent culvert construction work. He reports that about 500 crossings are needed in the township. The fund will probably not provide for all.

## ALLIES TAKE TURK FORCE

Musselmans Lose Battalion in Fierce Fighting on Gallipoli Peninsula—Others Defeated.

## Knock Dunn Street Paving

Six Property Owners Oppose Proposed Improvement, Second to Fourth.

A petition remonstrating against the paving of Dunn street from Second to Fourth streets, as provided in a resolution recently adopted by the city council, was filed today with City Clerk Chester Bennett. It is signed by six persons purporting to be resident property owners along the two blocks affected.

If they are all bona fide property owners the two blocks of paving will be rendered null. Those who signed are Mrs. Martha E. Turner, Mrs. Anna B. Hutchison, Mrs. Catherine Miller, Preston Seafers, R. Craven and Mary A. Phares.

A remonstrance against paving Ninth street from Mulberry to Dunn street also was filed recently. No other remonstrances have been filed. Twelve streets are proposed for paving by the city.

Italy to Either Side.

Latins Look to Own Advantage in War—Trieste Action May 5, May Decide Fate.

By American Press.

Rome, Italy, April 29.—Italy is continuing negotiations with the powers assayed on both sides of the war. The diplomatic interchanges with the allies are designed definitely to clear the atmosphere in regard to what Italy would obtain should it enter the war on the side of the triple entente.

Conversations with central empires seem to aid chiefly at convincing Vienna and Berlin that this country is determined to remain steadfast in its demands.

Deputy Basil, a native of Trieste, elected to the chamber from Rome for the last twenty-five years, in speaking of the patriotic event at Quarto San Elena, on May 5, when a monument will be unveiled in memory of Garibaldi volunteers, in the presence of the king and veterans of the war of independence, said: "This event will be an official declaration of war against Austria. It will be a challenge of the Latins to the Germans of the war."

NEED "NO SPITTING" SIGNS.

Corridor Floor and Court House Walls Defiled by Tobacco Chewers.

Janitor Bailey, in his special cleanup of the court house this week, is finding much need of signs warning persons against spitting on or defiling the walks, floors and walls of the court house and grounds. The county court purchased signs to that effect last year, but many of these have been lost or destroyed so that now none are to be noticed in the court house corridors, and only a few elsewhere about the premises.

As a result boys last winter congregated in the east end of the corridor, and defiled the floors very badly in this respect. In cleaning behind a radiator this morning Mr. Bailey found the real culprits, though such places were not originally intended for such purposes.

William Rankin of Tarkio will plant 17,000 acres to corn this spring, all of which he expects to average 40 bushels to the acre. He intends to feed the entire crop to stock on the Rankin farms.

A marriage license was issued at St. Joseph yesterday to George A. Burch of Burlington Junction and Miss Cecil A. Gray, Clearmont.

The church is now free from debt, a \$2,500 final payment being made on the church building just last year. It was dedicated in 1905.

The improvement of the roof will be made at once, as the "valleys" leak in several places, and in other places repair is needed soon. The interior work will be deferred until the balcony is installed and roof repaired. The balcony will extend out over the rear of the auditorium about fifteen feet and will be reached by a stairway on either side of the entrance, and perhaps one from the front inside.

## BAPTISTS WILL IMPROVE CHURCH

TO BUILD BALCONY, REDECORATE INTERIOR, REPAIR ROOF.

## COMMITTEE IN CHARGE \$2,500 IMPROVEMENTS

Will Furnish Plans, Specifications and Receive Bids—Favor Paving—May Hold Services in Tent.

Several progressive moves were taken at the regular monthly meeting of the First Baptist church last night. A committee was appointed to prepare plans and specifications and receive bids for establishing a balcony in the church to seat 200 persons, to decorate the church interior with frescoes, painting, plastering and repairing, to improve the church roof at a cost of about \$1,000 and to install plumbing and electric fans, at an aggregate cost of about \$2,500.

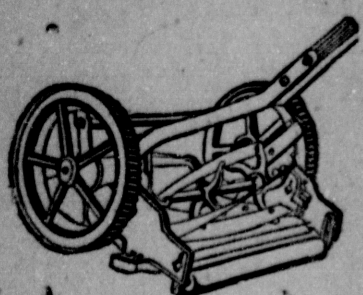

It was unanimously voted last night to support the resolutions adopted by the city council providing for pavement on both the east and the south sides of the church, even though it will cost the church between \$700 and \$900. The church owns a half block on each side.

Plan Outdoor Services.

The proposition to purchase a tent to seat 500 persons for use this summer for regular and special church services also was considered, but no definite action taken. The matter will be deferred until the next meeting. It is planned to erect the tent at the east side of the church.

The appointment of several gospel teams for evangelistic work over this

Get a Lawn Mower Early

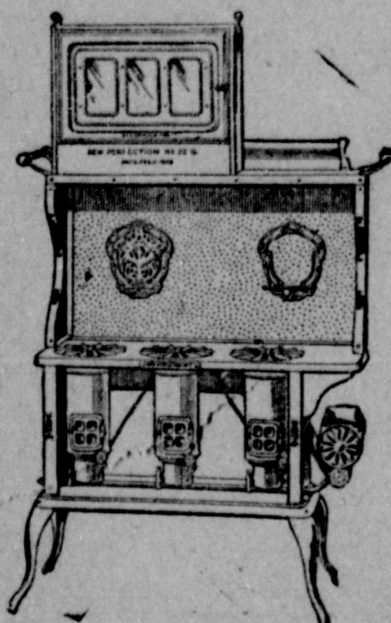

## Lawn Mowers

April showers bring forth blue grass and makes the mowing of the lawn necessary. Let us show you our line of mowers. Full ball-bearing, self-sharpening, self-adjusting, and always in first-class cutting trim. Let us show you these lines.

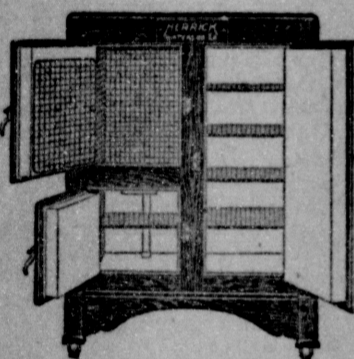

## The New Perfection Oil Cooker

Has made it possible to burn the cheapest oil and produce absolutely satisfactory results, and as in all mechanical construction the reason for perfect results is made possible only by adhering to the laws that govern scientific mechanical construction. The New Perfection Cooker was built to produce first, last, and all the time a perfect blue flame from the lowest grade oil, and the fact that there are more New Perfection Oil Cookers sold than any 3 makes is of itself proof of the satisfactory results produced. And it is entirely free from smoke and odor so common in other makes. The combustion is perfect, hence the New Perfection never is the cause of any accidents. Let us show you the points of construction that make this possible.

## The Herrick

Through their perfect scientific construction and mineral wool insulation have made it possible to produce more cold dry air per the amount of ice consumed than any other refrigerator; and this fact also makes them the most thorough hygienic and sanitary refrigerator on the market. We will be pleased to show the prospective buyer why this is a fact.

## IT ISN'T YOUR TOWN—IT'S YOU.

"If you want to live in the kind of a town  
Like the kind of a town you like,  
You needn't slip your clothes in a grip  
And start on a long, long hike.  
For you only find what you left behind;  
There's nothing that's really new.  
You are knocking yourself when  
You knock your town—  
It isn't your town—it's YOU."

"Real towns are not made by men  
afraid  
Let somebody else get ahead.  
When a will work and none will  
shirk  
You can raise a town from the  
dead.  
And if, while you're making your  
perennial stake  
Your neighbor can make one, too,  
Your town will be like what you  
have."  
It isn't your town—it's YOU."

"Maryville Was Cordial."  
W. D. Meng, writer of the "Notes" on the editorial page of the Kansas City Star and Times, who attended the meeting of the Northwest Missouri Press association here last Friday and Saturday, had this to say in yesterday morning's Times:  
"Members of the Northwest Missouri Press association were so charmed by the cordial reception accorded them at Maryville at their meeting last week that the Nodaway county capital probably will be chosen permanently for the annual festival."

The Missouri State Board of Agriculture is co-operating with state and federal labor bureaus in helping the job and the man get together for farm work this year. Farmers wanting help are invited to write the board for free assistance in securing farm hands.

# D. R. Eversole & Son

**YESTERDAY HOTTEST APRIL DAY**  
Temperature went from 36 to 42—Best Previous Heat Record.

Yesterday's temperature was rather unusual here in two ways, both by establishing a record for warmth for an April day, and the other by making the most rapid change of temperature.

The maximum yesterday was 96 degrees, according to J. R. Brink, and the lowest was 48 degrees, a difference of 58 degrees, this within two hours, too. The highest temperature for any April day heretofore recorded by Mr. Brink since 1831 was 94 degrees above zero, on April 26, 1902, while the coldest April day recorded was on April

20, 1902, when the temperature was 28 degrees.

NO LID ON FREE SPEECH

President Lowell of Harvard Replies  
to Miffed German Professor.Cambridge, Mass., April 29.—Presi-  
dent Lawrence Lowell of Harvard  
university made public his reply to  
the letter addressed to him by Pro-  
fessor Kuno Meyer of the University  
of Berlin, in which the latter protested  
against the publication by a Harvard  
student paper of a poem entitled  
"Gott Mit Uns." Dr. Lowell disclaims  
for the university authorities any re-  
sponsibility for the verses and says  
Harvard's policy of freedom of speech  
will be preserved.The poem, which was anti-German  
in tone, was written in competition  
and the author was given a prize. The  
judges were two professors of the un-  
iversity.

COLONEL CALLED  
BLUFF OF PLATTTold "Easy Boss" He Would  
Fight For Remonination

SEVENTH DAY IN WITNESS BOX

Roosevelt Tells Why He Conferred  
With Platt—Took No Chances of  
Disrupting Republican Party by Op-  
posing Man Legislature Obeyed.Syracuse, N. Y., April 29.—Theodore  
Roosevelt on his seventh day upon  
the witness stand amplified the an-  
swers he made to questions asked him  
upon cross-examination by counsel for  
William Barnes, plaintiff in the suit  
for libel against the former president.  
He told why he conferred with United  
States Senator Thomas C. Platt while  
governor, vice president and presi-  
dent of the United States.He related how he threatened Sena-  
tor Platt just prior to the Philadelphia  
convention of 1900 that he would fight  
for the New York gubernatorial re-  
nomination if the "easy boss" made  
good his own threat to keep him out  
of the race as punishment for not ac-  
cepting the nomination for vice presi-  
dent.

Colonel Smiles Again.

The colonel told of these things and  
many others upon redirect examina-  
tion. The minute his cross-examina-  
tion ended he sat up alertly in his  
chair and the solemn expression that  
had enshrouded his features during  
the last two days of his cross-exami-  
nation gave way to a jolly smile.He leaned toward the jury; he  
squared his jaw; he raised his voice;  
he lifted his open hands and brought  
them down upon his thighs. He  
pounded with his clenched fists upon  
open palm. He used every gesture,  
every movement at his command to  
make his words more forceful. And  
as he stepped down from the witness  
stand at the end of the day he, laugh-  
ingly, said: "I am not tired."Speaking of Senator Platt, the form-  
er president of the United States said  
that he conferred with him on matters  
legislative, administrative and polit-  
ical, because he considered the sena-  
tor's wide experience was valuable  
and because he realized that the or-  
ganization controlled the legislature  
and that the senator controlled the  
organization.

Wanted Positive Action.

"I did not want to disrupt the Re-  
publican party," said the colonel, "as  
long as I did no wrong act in prevent-  
ing it. Then, too, I wanted to get af-  
firmative action in Albany. I could  
prevent wrong being done if I broke  
with them, but I could not get affirma-  
tive right done. When there was a  
doubt in my mind I conferred with the  
senator as head of the organization,  
while at the same time, and primar-  
ily doing what the interest of the state  
demanded. I found that when there  
was apt to be an issue between me  
and the state senate it was advisable  
to go where the power lay and not  
talk to men who merely carried out  
the bidding of Mr. Platt. I consulted  
Mr. Platt on all important matters  
that came up."

## GERMAN FLEET IN NORTH SEA

Captain of Swedish Craft Reports

Passing Sixty-eight Warships.

London, April 29.—Captain Scott,  
commanding a Swedish steamship, re-  
ports the presence in the North sea  
of a German fleet numbering no less  
than sixty-eight vessels all told.  
Captain Scott, whose vessel has just  
come to port, reports that while cross-  
ing the North sea he was held up by  
one of these German vessels. After  
an examination of his papers he was  
permitted to proceed. The German  
fleet was composed of vessels of all  
classes, from battleships to torpedo  
boats.

## LETTER LIST.

Following is a list of the letters re-  
maining undelivered in the Maryville,  
Mo., postoffice for the week ending  
Wednesday, April 28, 1915:

Men.

Appleby, Elgin.  
Dalby, Mr. and Mrs. Harry.  
Dow, Geo. W. (official).  
Hays, John.  
Mastin, F. A.  
Olliver, J.  
Reeves, J. B.  
Roberts, John.

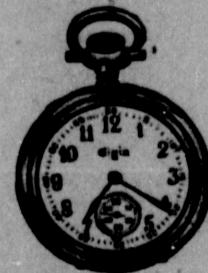

Women.

Berry, Mrs. Myrtle.  
Bruner, Miss Esther.  
St. Clair, Miss M. Fred.  
Walcott, Miss Grace.  
Whitchel, Miss Charlotte.  
Persons calling for the above named  
letters will please say "advertised."  
JAMES TODD, Postmaster.

Salt Kills Dandelions.

The advice that if dandelion plants  
are cut close to the ground then a so-  
lution of table salt applied the roots  
will die, is given in the attack now  
being waged everywhere against the  
dreaded lawn enemy.The cottonseed oil production of the  
United States is now more than 200-  
000,000 gallons a year, or five times as  
much as in 1890.DeHart and  
Holmes'Jitney

## DEATH FOR THE SPARROW.

Several Ways for Killing Alien Pest  
Told in Government Bulletin."The English sparrow among birds,  
like the rat among mammals, is cun-  
ning, destructive and filthy."In such a statement is the case of  
the United States department of agri-  
culture against the common English  
sparrow summed up. It is set forth  
by Ned Dearborn, an expert on birds  
connected with the biological survey.The English sparrow among birds,  
like the rat among mammals, is cun-  
ning, destructive and filthy. Its natu-  
ral diet consists of seeds, but it eats a  
great variety of other foods. While  
much of its fare consists of waste ma-  
terial from the streets, in autumn and  
winter it consumes quantities of weed  
seed and in summer numerous insects.  
The destruction of weed seed should  
undoubtedly count in the sparrow's  
favor.Its record as to insects in most lo-  
calities is not so clear. In exceptional  
cases it has been found very useful as  
a destroyer of insect pests. For ex-  
ample, during a recent investigation by  
this bureau of birds that destroy the  
alfalfa weevil in northern Utah, Eng-lish sparrows were feeding their nest-  
lings largely on weevil larvae and cut-  
worms, both of which are very injuri-  
ous to alfalfa.In this case the sparrows, attracted  
by grain and by the excellent nest  
sites afforded by the thatched roofs of  
many farm buildings, had left the city  
and taken up their abode in the coun-  
try where the weevil outbreak subse-  
quently occurred. Unfortunately, how-  
ever, farmers can rarely expect such  
aid against their insect foes. Where-  
ver this bird proves useful, however,  
it is entitled to protection and encour-  
agement in proportion to its net value.The most effective method of pre-  
venting the increase of sparrows in a  
locality is to destroy their nests at in-  
tervals of ten or twelve days through-  
out the breeding season, according to  
Mr. Dearborn's bulletin. In a town of  
four thousand inhabitants, where this  
method of attack has been practiced  
during the last four years, twenty  
thousand eggs have been destroyed  
and the number of sparrows has been  
greatly reduced. This work, however,  
should not be entrusted to boys or per-  
sons unfamiliar with the native spe-  
cies, as otherwise valuable birds may  
be destroyed under the belief that they

are English sparrows.

For the trapping of sparrows, Mr.  
Dearborn suggests the following de-  
vices and methods:The snare trap is adapted for ser-  
vice where food is abundant. In the  
duck yards of the National Zoological  
park, Washington, it is the only trap  
that has proved successful. It consists  
of a shallow box not less than four  
feet square, open on one side, covered  
with woven wire on the other, and  
having a small door near one corner.In setting this trap, one side rests  
on the ground, which is "carefully  
smoothed where the trap will fall,  
while the opposite side is supported by  
a stick eighteen inches long. Near the  
upper end of this stick is attached a  
long cord, and between the top of it  
and the edge of the trap is placed a  
chip. By setting the trap over bait and  
pulling the cord from a sheltered point  
of observation numbers may be caught.Iron ore mined in the United States  
last year is estimated by the geological  
survey between 41,000,000 and 49,500-  
000 long tons, about one-third less  
than the year before, which holds the  
record.

# We're Friends of Yours Mr. Farmer

Because we anticipate your needs  
and supply them

## We specialize on Louden Hay Tools

All necessary hay forks, tracks,  
pulleys and other hardware that  
you will need in building your  
new barn.

Let us fit you out with equipment for your barn that will save  
you time and labor in putting away your hay crop this season.  
Time is worth money these days and labor costs lots of money. If  
we can show you how to institute a saving in both you are  
willing to listen. We can do it.

We have a good supply of machine and harvester oils on hand  
and our prices are right in this department.

We can equip you with any of the smaller tools that are re-  
quired for hay time and to get away with the weeds. Scythes  
and sickles, and you may need a new hedge knife.

We want your business and believe  
that we can always merit it.

The South Side Hardware

### MAKE OWN HOME IMPROVEMENTS.

Before Hiring Work Done Consult  
Lumberman or Order Parts  
Wanted, the Advice.

Have you ever wished for a pergola  
or an arbor in your garden, and aban-  
doned the idea on account of the ex-  
pense, queries the Kansas City Star.  
So many little improvements and con-  
veniences wanted for the house and  
garden have to be sacrificed after the  
local carpenter has given an estimate  
of the cost. Lumber is high, and labor  
is higher; and the householder usually  
must pay the top price for material.

Here is a case in point: A man liv-  
ing in the suburbs of a large city want-  
ed a pair of glass doors set between  
his hall and dining room. He called  
in the local carpenter and gave him  
the order. The carpenter, a good work  
man, turned out an excellent pair of  
doors; the material was good, the  
glass was well set, and the fastenings  
were of the best. But the bill was \$19!

Now, these glass doors could have  
been supplied at less than half this  
cost by a factory, and he could have  
hung them himself with little labor.  
This does not mean that the carpen-  
ter in the case was dishonest. He was  
not. His charge for the work he did  
and the material he used was a fair  
charge. His work was done by hand  
and consumed much time. The large  
concerns turn out French doors, lattice  
windows, etc., in standard sizes by the  
quantity and therefore are able to do  
such work at a very small cost to the  
customers.

Any man with a taste for carpenter-  
ing can make endless improvements in  
his house on a comparatively trifling  
expenditure, if he takes advantage of  
the ready made stock offered by large  
concerns.

Pillars for pergolas, for example, can  
be had ready to set up for as little as  
\$1.50 each. Lattice work for arbors  
and verandas, extra windows, tiling for  
bathrooms, wainscoting and paneling  
—all these, and countless other things

How a new coat of  
good paint freshens  
up the house! But  
be sure it  
is good  
paint.

## PROTEST AGAINST MEAT RATE INCREASE

Packers in Interior Points Heard  
at Chicago Hearing.

Chicago, April 29.—Protests against  
the advance in freight rates on pack-  
ing house products and fresh meats  
from transmississippi river territory,  
proposed by forty-one western rail-  
roads, among other commodity rate  
advances, was voiced before W. M.  
Daniels, interstate commerce commis-  
sioner, in the hearing of the western  
rate case.

Representatives of packers in in-  
terior points, spokesmen for South  
Omaha and St. Joseph interests, gave  
their reasons for opposing the in-  
crease of 3½ cents per 100 pounds,  
which the railroads are seeking to  
add to the present freight rates.

A. V. Stryker, secretary of the Live  
Stock exchange of South Omaha, de-  
clared that the chief objection to the  
proposed freight rates increases was  
that it would add to a disadvantage  
which South Omaha already suffered  
from in competition with Kansas City.

H. G. Krake, commissioner of the  
traffic bureau of the Commercial club  
of St. Joseph, Mo., made a similar  
protest against the Kansas City rates.  
H. A. Davis, traffic manager of John  
Morrell & Co., packers at Ottumwa,  
Ia., objected to the proposed advance  
on the ground that it would disturb  
the present adjustment between in-  
terior Iowa points, including Ottumwa  
and Memphis, where there is now  
strong competition.

Drops Bombs on Mauser Rifle Plant.  
Geneva, April 29.—A French airman  
threw four bombs on the Mauser rifle  
factory at Oberndorf, near Stuttgart.  
Each of these missiles reached its  
goal and, according to the information  
coming into Geneva, considerable  
damage was done. Quantities of mu-  
nitions and some machinery were de-  
stroyed.

## UNION LEADERS AND CONTRACTORS HELD

Chicago, April 29.—The eighteen of-  
ficials of labor unions, eighty-two con-  
tractors or contracting firms and two  
alleged trusts named in indictments  
returned in the United States district  
court, charging violation of the Sher-  
man anti-trust and interstate com-  
merce law, are expected to appear to  
give bond of \$10,000 for each indict-  
ment in which their names appear.

If the indicted men do not respond  
within a few days, it is announced by  
the court, capias will be issued.

The charges in each of the eight  
indictments are conspiracy to restrain  
trade, combination in restraint of  
trade, interfering with interstate com-  
merce and restraining interstate com-  
merce. The labor leaders are charged  
with having prevented union workmen  
from unloading or handling goods  
which had been shipped from outside  
the state, because of alleged disputes  
with the concerns to which the goods  
are billed.

The indictments charge that associa-  
tions have been formed here for the  
purpose of boycotting goods, in  
certain lines, manufactured outside of  
Chicago. The labor leaders, it was al-  
leged, had agreed not to permit their  
men to work on jobs where material  
manufactured outside of Chicago was  
being used, and the contractors  
agreed, it was charged, to employ only  
workmen who were members of the  
unions which belonged to the associa-  
tion.

Officials of the Chicago Lighting  
and Fixture association and the Chi-  
cago Switchboard Manufacturers' as-  
sociation were named in two indict-  
ments. Many well known electrical  
contractors also were included in the  
list.

### CONSERVATORY TO BE ENLARGED.

Recital Hall and Studios to be Redecorated and Improved.

The quarters of the Maryville Con-  
servatory are to be enlarged by the  
use of the front rooms over the Byers  
grocery, giving the conservatory the  
entire floor as well as the recital hall  
below.

The interior of both upper and lower  
floors is to be redecorated and re-  
furnished and various minor improve-  
ments installed. The new rooms will  
be used for teaching studios.

### New Steel Tank Completed.

Work on the new steel water tank  
for the Great Western at Parnell was  
completed yesterday.

The tank was built to replace the old  
wooden one. The railroad company  
has been making various other im-  
provements in the yards at Parnell this  
spring.

## ALLIES BEAT OFF ALL ATTACKS

Confederate Forces Now Estab-  
lished on Gallipoli Peninsula.

GERMAN RUSH IS CHECKED.

### WAR SUMMARY

French war office reports relative calm  
in Belgium and the retention by the  
allies of the ground which they re-  
gained since the inauguration of the  
German forward movement.

Land operations in connection with  
the attack on the Dardanelles are  
taking their place at the forefront  
of the campaign. While Turkey con-  
tinues to assert that the allies  
forces have been repulsed at various  
points with heavy losses, and Ber-  
lin reports that 8,000 French and  
British soldiers have been driven  
to the sea and that 12,000 have been  
captured, the British war office has  
issued a statement declaring that in  
the face of continual opposition the  
allied troops have established them-  
selves across the end of the Gal-  
lipoli peninsula.

Austrian submarine U-6 has torpedoed  
and sunk the French cruiser Leos  
Gambetta in the Ionian sea.  
In the eastern war zone, according to  
Vienna, the general situation re-  
mains unchanged.

London, April 29.—The British war  
office issued the following announce-  
ment on the Dardanelles operations:  
"In the face of continual opposition  
the allied troops have now established  
themselves across the end of the Gal-  
lipoli peninsula, from a point north-  
east of Eski Hisarlik to the mouth of  
a stream on the opposite side.

"They have also beaten off all at-  
tacks at Sari Bair and are steadily  
advancing.

"The Turks have made considerable  
preparation to hamper any landings  
Wire entanglements under the sea as  
well as on land, and deep pits with  
spikes at the bottom were among the  
obstacles overcome by the troops."

### Report Not Confirmed.

The sensational report that 8,000 of  
the allies' troops have been driven to  
the sea on the Gallipoli peninsula and  
that 2,000 were captured also, comes  
from Berlin, but has no confirmation  
from other sources. It is expected  
that the operations against the Darda-  
nelles will proceed slowly, as the  
Turks are strongly entrenched and  
their wire entanglements and trenches  
will have to be shelled heavily before  
the troops can make any serious at-  
tempt to advance.

### Definitely Check German Rush.

"Our operations, in conjunction  
with the French, have definitely  
stopped the German attack."

In these words Field Marshal Sir  
John French, commander in chief of  
the British forces on the continent,  
announces the conclusion of another  
German attempt to break through the  
allied lines around Ypres and along  
the Yser canal, which brought about  
one of the most sanguinary battles of  
the war.

This, however, only brings to an  
end the first phase of the battle, for  
the allies have yet to win back the  
ground which they lost in the great  
German sweep.

For this purpose they are now deliv-  
ering counter attacks against the Ger-  
man lines.

### FOUR GERMAN PLANES LOST

French Fliers Score Victory in Battle  
With Enemy Machines.

Paris, April 29.—The following of-  
ficial statement was issued by the war  
office:

"One of our aeroplanes dropped six  
projectiles on the hangars of the dirig-  
ibles at Friedrichshafen. The aviator  
observed clouds of smoke rising from  
the roof of one hangar. Twenty-one  
shells have been dropped on the sta-  
tion, the bridges and factory at Le-  
gelsbach (Baden). During this bom-  
bardment one of our aeroplanes fell  
within the German lines.

"During the course of the day four  
German machines were pursued and  
reached by our aviators. One fell  
ablate within the lines of the enemy  
near Brimont. Two others came to  
the earth near our trenches—one in  
Champagne and the other in the re-  
gion of Amiens and were destroyed  
by our artillery. The fourth fell with-  
in our lines at Mulson, west of Rheims.  
The two German aviators, who were  
not wounded, were taken prisoners."

### Exposé Forces Cut Railroads.

Washington, April 29.—Exposé  
forces operating behind General Oth-  
man, the Carranza commander at Co-  
ahuila, have cut his rail and wire com-  
munications and have destroyed part  
of the railway between the capital  
and Vera Cruz. Duval West, Presi-  
dent Wilson's personal representative,  
is held up on a train delayed by the  
break.

Crickets Devastate Wheat Fields.  
Bismarck, Wash., April 29.—Six hun-  
dred acres of wheat has been de-  
stroyed by crickets in the Wilson  
creek country of Grant county.

## The Co-operative Tire

Goodyear has always built  
co-operative tires. Every sav-  
ing has gone to the user. The  
more men bought the better we  
built them, and the lower we  
sold them.

That is why Goodyear has  
held top place, outselling any  
other tire.

### 3 Reductions

Note that in two years we  
made three big price reductions.  
The last—on February 1st—  
brought the total to 45 per cent.

Yet in costly ways these tires  
have been bettered. In not one  
iota were they ever skimmed.

Our Fortified Tire is still  
"On-Air" cured to save blow-  
outs. Yet that one extra costs  
us \$450,000  
yearly.

It still has  
our No-Rim-  
Cut feature. It  
has in each  
base 126  
braided piano

**GOODYEAR**  
ANNOUNCED  
**Fortified Tires**  
No-Rim-Cut Tires—"On-Air" Cured  
With All-Weather Treads or Smooth

wires to make the tire secure.  
It embodies hundreds of rubber  
rivets, formed to combat loose  
treads.

Our All-Weather tread is  
still double-thick. It still has the  
sharp, tough, resistless grips.

Those extras—all exclusive  
to Goodyear—are all retained,  
despite our price reductions.  
And we still spend \$100,000  
yearly to discover new ways  
to better them.

### Your Ally

In all these ways, Goodyear  
is your ally. You do injustice  
to yourself when you fail to  
secure this advantage. Never  
in tire history was such value  
given as you get in Goodyear  
tires today.

No smaller  
makers can  
ever give so  
much.

Any dealer  
will supply  
you. (1237)

## Goodyear Service Stations--Tires in Stock

### California Visitor to Come.

Mrs. Tom Condon of Los Angeles,  
Cal., who is now visiting relatives at  
Stanberry, is expected to arrive in  
Maryville the last of the week to visit  
Mr. Condon's mother, Mrs. B. E. Con-  
don, and family.

(First Insertion Apr. 1; last April 29.)

### NOTICE OF FINAL SETTLEMENT.

Notice is hereby given that the un-  
dersigned James B. Robinson, executor  
of the estate of James A. Yarnell, de-  
ceased, will make final settlement of  
his accounts with said estate as such  
executor at the next term of the Pro-  
bate court of Nodaway county, Mis-  
souri, to be held at Maryville in said  
county, on the 10th day of May, A. D.,  
1915.

James B. Robinson,  
Executor.

### INGRAM FUNERAL HELD.

Rites Conducted at Christian Church  
of Hopkins Yesterday.

The funeral services for Mrs. Don  
Ingram of Hopkins, who died Monday  
night, were held at 2 o'clock at the  
Christian church of Hopkins. The ser-  
vice was conducted by the Rev. D. W.  
Griffith, pastor of the Baptist church.

Mrs. Ingram was 44 years old and is  
survived by her husband and two  
daughters, Mrs. Harry Miller of Eagle-  
ville, Mo., and Mrs. Sylvia Auten of  
Akron, Colo.

### Guest of the Fords.

Robert VanLeer Wayland of West  
Plains, Mo., arrived in Maryville yester-  
day to visit his daughter, Mrs. Eliz-  
abeth W. Ford, and family, of South  
Main street.

## Your Summer Hat

Now is a good time to select a new sum-  
mer hat from our late line of Panamas.  
Conservative and snappy late designs as  
you wish them. Prices as reasonable as  
may be found. Better come in and look  
the line over. You will be ready for  
straw hat time and have the advantage  
of first choice.

## Your Summer Shirt

We have a complete line of new summer  
Shirts. Standard makes in Silk, Linen  
and Cotton. You can find just what you  
want and at the price you want to pay.  
You should see these new arrivals  
of summer wear for your own ad-  
vantage.

**M. Nusbaum**

## GOLD DUST

and how it actually works for you

The active principle of Gold Dust is a valuable antiseptic cleansing agent.

It actually works. It gets into the little corners and crevices where fingers and washcloths can't reach.

It permeates and dissolves dirt, grease and grime everywhere and it cleans and brightens everything.

Use Gold Dust not only for washing dishes, but for washing bathtubs and bathroom fixtures, scrubbing floors, washing woodwork, cleaning and freshening linoleum and oilcloth, cleaning and brightening pots, pans and cooking utensils, giving luster to glassware—in short, for any and every cleaning and brightening purpose.

### Biennial Dates Changed.

The date of the coming biennial meeting of the Missouri Federation of Women's clubs to be held in St. Joseph, has been changed from May 5, 6 and 7, to May 26, 27 and 28. The conference and business sessions are to be held in the First Methodist church, and some splendid programs have been arranged.

The plan of entertainment as prepared by the club women of St. Joseph includes for the main features a dinner at the Robidoux hotel at 7 o'clock Wednesday night, May 26, for the delegates and the members of the state board of the club, which will be followed by a reception in the tea room. The following day an open air session will be held in the afternoon at the suburban home of Mrs. W. K. James, at Avenue City, and this will be followed by a buffet supper at the Country club. Auto and trolley rides and other recreation will be included.

The Missouri federation includes more than 200 clubs, with a membership of 9,000 women.

Mrs. M. G. Tate, Mrs. William J. Montgomery and Miss Dorothy Pierce will represent the Twentieth Century club at the meeting and the club is hoping to have at least fifty members attend.

### Miss Carmichael Complimented.

Miss Goldie Carmichael of Pickering was the honored guest of a dinner party given last night by Miss Dollie Dowell at her home, 516 North Buchanan street.

### M. I. Meeting Deferred.

The meeting of the Mutual Improvement Circle which was to have been held Tuesday afternoon at the home of Mrs. Florence Staples, was deferred, and the program will be consolidated with that of the first meeting in May.

### Attend St. Joseph Play.

Mrs. M. C. Gwinn and daughter, Mary, of Bedford, accompanied by their guest, Miss Sylvia Gwinn of Slater, Mo., went to St. Joseph yesterday to spend the day with friends and to witness "The New Henrietta," given at the Lyceum theater.

### M. S. M. Club Picnic.

The M. S. M. club enjoyed a picnic supper last night at the home of one of their number, Miss Isora Pierpoint, the daughter of Mr. and Mrs. Henry Pierpoint, living just north of the city. Fourteen were in the party.

### W. O. W. to Give Entertainment.

The Woodmen of the World will give a social tonight in their hall in the Mutz building for their members and friends. Games, music and refreshments will be the pleasures of the evening.

### D. A. R. to Meet.

The local chapter of the Daughters of the American Revolution will meet Saturday afternoon at the home of Mrs. Joe Jackson, Jr., with Mrs. R. C. Benight, Miss May Corwin, Miss Dora Carpenter and Mrs. Jackson hostesses.

### Meeting Called Early.

The meeting of the Rebekah lodge to be held tonight is called for 7:30 o'clock prompt. Some matters of business are to be transacted and the meeting is called early in order to allow the session to adjourn in time for the members to attend other affairs of the evening.

### E. L. to Have Sunrise Breakfast.

The Epworth League of the First Methodist church will have a sunrise picnic breakfast tomorrow morning at Normal park. The affair is entirely social and all members of the League and visiting friends will participate. The custom of holding an April breakfast was inaugurated last year.

### Club Meets With Mrs. Tate.

The final meeting of the year for the Shakespeare department of the Twentieth Century club was held in the tea room of the Elks club yesterday afternoon with Mrs. M. G. Tate, hostess. The program hour was devoted to the study of "Milestones," by Arnold Bennett. Miss Ruth Montgomery gave a synopsis of the first act, and Miss Mary Frances Ford that of the second and third acts. A general club discussion of the book concluded the program. During the business period the department officers for the coming year were selected. They were Mrs. Gallatin Craig, chairman; Mrs. John Cameron, vice chairman, and Miss Orvil Helwig, secretary. The retiring chairman, Mrs. M. G. Tate, who has been chosen president of the club for the coming year, was presented with a sterling spoon as a recognition of her earnest service during the past. Mrs. George Robert Eaton, the retiring secretary, was extended a vote of thanks in behalf of the club. Mrs. Eaton was selected recording secretary of the club at the annual election held April

## Alderman Yehle Dry Goods Co.

WEST THIRD STREET, MARYVILLE, MO.

# May Sale of White Goods Begins Saturday, May 1st

WE have been planning on this MAY WHITE SALE for the past few months, and have succeeded in assembling a very complete stock of White Goods in every variety and novelty that will be popular during the White Goods season.

We will not attempt listing or describing all the items that are included in this sale, but we will merely mention a few of the items to give you an idea of the reduction that will prevail. It is necessary for you to visit the store in order to appreciate the extensiveness of this sale. We really expect it to be the "Greatest ever."

This sale is being launched just at a time when White Goods are most needed and you are offered the advantage of selecting from fresh, new stocks while every white goods section is at its best. DO NOT FAIL TO COME.

Lot No. 4—Muslin underwear, worth to \$1.00 a garment, special at..... 60c

Aside from these special lots of undergarments, our entire stock including Ladies' Misses' and Childrens' muslin underwear will be reduced during this May White Sale.

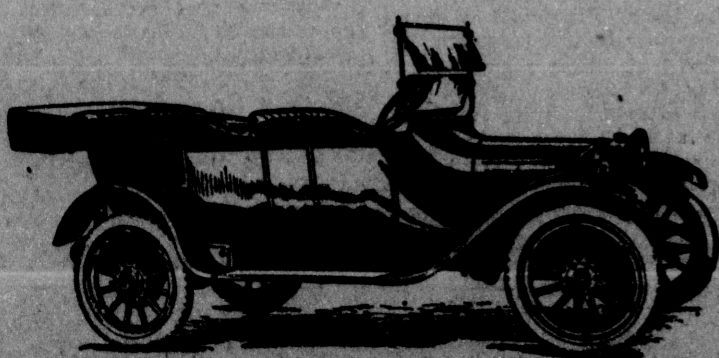

## DODGE BROTHERS MOTOR CAR

With the joy of driving in your blood, there is a constant temptation to be at the wheel of a car like this.

Its unsurpassed responsiveness, the ease with which it gets under way, the abundance of power, the pronounced gliding sensation, the steadiness at high speed, the freedom from gear shifting, the soft, full leather cushions, the sensitive springs—these and other qualities enable you to realize to the full the delights of motoring.

The wheel base is 110 inches  
The price of the car complete is \$785  
(f. o. b. Detroit)

Sewell and Carter  
MARYVILLE and BURLINGTON JUNCTION

Remember this Sale begins SATURDAY MORNING, and many items not listed above will carry reductions---COME EARLY!

20. At the conclusion of the session Mrs. Tate invited the members to be her guests at a social hour and luncheon.

### Returns from Illinois.

Mrs. Mary A. Phares has returned from a visit of several weeks with relatives in Illinois.

Read Democrat-Forum want ads.

### END DRAINAGE HEARING TODAY.

Testimony in Double Suit of Constructors and Nodaway Improvers Over.

Testimony in the hearing resumed in circuit court here yesterday in the double suit involving the Nodaway drainage district No. 2 and Sternberg & Sons of Kansas City, constructors of the drainage ditch along the Nodaway river from the Iowa line to Quitman, will end this afternoon.

Oral arguments and probably briefs will then have to be submitted at a later date before a decision is rendered by Referee P. Breit of Savannah.

### Were Royally Treated.

The editors who met at Maryville last week had a big time and were royally treated by the people of that splendid town.—Staunberry Herald.

### DODGE CARS HERE.

Carload Shipment Received for Sewell & Carter—The First Shipment.

A carload of Dodge Brothers motor cars was received today by Sewell & Carter. This is the first shipment received here of these, and others will be received soon. Today's shipment will meet only immediate demands.

Unusual demands for the Dodge car are reported from all over the country.

## QUITMAN NEWS.

Miss Addie Vantriple of Clearmont  
is visiting Miss Kathryn Broyles.

Mr. and Mrs. Monroe Linville gave a  
dinner party Sunday, entertaining Mr.  
and Mrs. Lester Linville and son and  
Mr. and Mrs. W. M. Reed and family.

Miss Laura Walton visited last week  
with relatives in Skidmore and Elmo.  
Mr. and Mrs. James Shull and son,  
Claude, were the guests Sunday of Mr.  
and Mrs. Roy Slawson.

Virgil Dawson and Ora Linville spent  
Sunday visiting Mr. and Mrs. Carl  
Keever.

Mr. and Mrs. I. D. Tarpley and family,  
accompanied by Grandma Tarpley  
of Skidmore, and Mr. and Mrs. W. D.  
McDonald spent Sunday visiting Mr.  
and Mrs. Jerry Tarpley of Burlington  
 Junction.

Miss Amanda Closser of Kansas City  
is visiting at the home of Mr. and Mrs.  
Asa Broyles.

Mr. and Mrs. Orville Willhoite and  
daughter spent Sunday with Mrs. Will-  
hoite's father, John Taylor.

Mrs. Lester Linville and son visited  
Monday with Mr. and Mrs. N. B.  
Shrewsbury. They were accompanied  
home by Ralph Shrewsbury, who will  
be their guest for a short time.

Miss Veronica O'Grady closed a very  
successful term at the Pleasant Hill  
school Tuesday. A fine dinner was  
enjoyed, after which a program was  
given by the children.

Miss Zella Davis is spending the  
week with relatives living east of  
Maryville.

Mrs. Orville Willhoite is suffering  
with a badly sprained ankle.

Howard Baker and Elmer Daise  
were the guests of a dinner given Sun-  
day by Thomas Walton and family.

Miss Esther Sutterlin of Maryville  
spent last week a guest at the home of  
Mr. and Mrs. F. C. Kelley.

Roney, curator.

## FIRE PREVENTION ADVICE

Keep your chimney clean.  
When it catches fire the sparks  
usually fall on your roof or your  
neighbor's—you know what hap-  
pens next.

Keep metal around and back  
of all stoves.

Don't start bonfires on windy  
days or in dry weather. Always  
put them out with water before  
leaving them.

Examine your electric wiring.  
Use only safety matches.

Don't leave rubbish or waste  
scattered about.

Keep ashes in a metallic re-  
ceptacle.

Label all receptacles contain-  
ing gasoline "poison." Gasoline  
is one of the chief causes of  
fires.

Have a fire extinguisher in  
the house. It is better than a  
lightning rod.

Remember, water will not put  
out gasoline. Use sand, ashes,  
salt, flour, anything of that kind.

65. Smith, John B., William C.  
Pierce, administrator, C. T. A.

66. Stingley, Orron W., Milo L.  
Stingley, executor.

67. Smith, Sarah A., Samuel J.  
Smith, administrator.

68. Slaters, Harvey, Edwin S. Riggle,  
executor.

69. Sturm, John, Nick Sturm, execu-  
tor.

70. Shields, Albert et al, R. N. Bar-  
ber, curator.

71. Snyder, Anson C., Ellen Snyder,  
guardian.

72. Scott, Alexander M., Thomas J.  
Rogers, administrator.

73. Sharp, Louan, Anderson Sharp,  
administrator.

74. Sipes, Amanda, Lester I. Sipes,  
executor.

75. Schaad, Leda F. and Lois L., D.  
G. Smith, curator.

76. Snyder & Thornton, (part.), Wm  
C. Pierce and Walter E. Freytag, ad-  
ministrators.

77. Totten, Floyd et al, William S.  
Linville, guardian.

78. Walker, George W., George W.  
Cole, administrator.

79. Wood, Charles H., Walter E.  
Freytag, administrator.

80. Ware, Joseph J., William A.  
Ware, administrator.

81. Walker, Atlanta and Forrest, El-  
lis G. Cook, curator.

82. Wood, Isaac Monroe, Mary A.  
Wood, executrix.

83. Welty, Ellen, Joseph C. Kern,  
executor.

84. Wooldridge, Baxter, Fred Wool-  
ridge, administrator.

85. Willett, Nona L., William C.  
Pierce, guardian.

86. Yarnell, James A., James B.  
Robinson, executor.

MABEL E. HUNT,  
Clerk of Probate.

Beware of Ointments for Catarrh  
That Contain Mercury

as mercury will surely destroy the sense of smell  
and completely derange the whole system when  
entering it through the mucous surfaces. Such  
articles should never be used except on prescrip-  
tions from reputable physicians, as the damage  
they will do is ten fold to the good you can pos-  
sibly derive from them. Hall's Catarrh Cure,  
manufactured by F. J. Cheney & Co., Toledo, O.,  
contains no mercury, and is taken internally,  
acting directly upon the blood and mucous sur-  
faces of the system. In buying Hall's Catarrh  
Cure be sure you get the genuine. It is taken  
internally and made in Toledo, Ohio, by F. J.  
Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c. per bottle.  
Take Hall's Family Pills for constipation.

Of the total number of 7,317,922 ne-  
groes ten years ago and over enumer-  
ated in 1910, 5,192,535, or 71 per cent,  
were reported as gainfully employed,  
the percentages for males and females  
being 87.4 and 84.7 respectively.

The cottonseed oil production of the  
United States is now more than 200-  
000,000 gallons a year, or five times as  
much as in 1890.

## Rexall

"93" Hair Tonic  
stops the hair from falling out  
Grear-Henry Drug Co.

Of the 9,327,763 negroes in the United  
States in 1910, 7,777,077, or 79.1 per  
cent were reported as of pure negro  
blood, the remaining 2,050,686, or 20.9  
per cent, being classed as "mulattoes."  
For census purposes "mulattoes" cover  
all persons of mixed white and negro  
blood whatever the proportion. The  
census figures indicate a continuous  
increase in the percentage of mulat-  
toes during the last forty years.

What is the Best Remedy For  
Constipation?

This is a question asked us many times  
each day. The answer is  
Rexall Orderlies.

We guarantee them to be satisfactory  
to you. Sold only by us, 10 cents.  
Grear-Henry Drug Co.

## WOMAN WALKS 1,000 MILES

Mrs. Cecile Storr, Conception, Ad-  
judged Insane, Escapes from  
Washington to Find Boy.

A pitiful story of a mother's love,  
her sacrifice of a 1,000-mile walk alone  
to see him, and then to be adjudged in-  
sane at the son's request, is told in a  
letter received today by County Clerk  
Fred J. Yeomans, for transmission to  
the county court, from J. Arthur Storr,  
a student in Conception college, Con-  
ception. The woman, Mrs. Cecile  
Storr, who is 59 years old, was de-  
clared to be insane by Dr. William  
Stuckle of Conception Junction Tues-  
day, according to the son.

He asks that the county court have  
her officially declared insane and sent  
to some institution for such persons  
for treatment and care. This, Judge  
W. M. Blackford, presiding judge of  
the county court, announced would not  
be done, unless it could be proven that  
the woman is a bona fide resident of  
Nodaway county, and that she was  
sane when she came here.

**Fear She Will Kill Herself.**  
A proposition, however, to furnish  
her transportation back to Washing-  
ton, from whence she came, will be  
considered at the next meeting of the  
county court Monday. The son also  
will probably bring his mother before  
the county board at that time to testify  
in the case.

According to the letter received from  
the son under date of April 28, Storr  
left Washington about a year ago to  
enter the Catholic college at Conception,  
leaving his mother in the care of  
the Catholic Sisters at Washington.  
He says she escaped from them, and  
starting out alone and afoot, reached  
Conception to be with her son.

He says she has lived alone there  
the past winter, and that there is dan-  
ger that she will either kill herself or  
someone or set fire to her home and  
furnishings.

## Maryville Showed 'Em.

While it was impossible for the ed-  
itor of the Journal to attend the meet-  
ing of the Northwest Missouri Press  
association held in Maryville last Fri-  
day and Saturday, the reports of the  
meeting show that it was such a suc-  
cess that the association now wants to  
make Maryville the annual meeting  
place.

Maryville has two of the best and  
liveliest daily papers in Missouri, and  
the editors, "Jim" Todd and Fred Hull,  
know how to show the visiting broth-  
ers a good time, and the Commercial  
club back of them is just as full of  
pep as they are.

A combination like this always  
makes a good town a real "live wire,"  
and the visiting editors appreciate the  
fact by saying many nice things about  
our county seat.—Hopkins Journal.

AH! HOW "TIZ" HELPS  
TIRED, ACHING FEET

"O, Glorious Relief! How My Sore,  
Swollen, Sweaty, Calloused Feet  
Ached For 'TIZ'."

"Pull, Johnny, Pull!"  
Ah! what relief. No more tired feet;  
no more burning feet; no more swollen  
feet; no more sweating feet. No more  
soreness in corns, callouses, bunions.  
No matter what ails your feet or  
what under the sun you've tried with-  
out getting relief, just use "TIZ."  
"TIZ" is the only remedy that draws  
out all the poisonous exudations which  
puff up the feet. "TIZ" cures your  
foot trouble so you'll never limp or  
draw up your face in pain. Your shoes  
won't seem tight and your feet will  
never, never hurt or get sore and  
swollen. Think of it, no more foot  
misery, no more agony from corns,  
callouses or bunions.

Get a 25 cent box at any drug store  
or department store and get instant re-  
lief. Wear smaller shoes. Just once  
try "TIZ." Get a whole year's foot  
comfort for only 25 cents. Think of it.

## FIRE DOES \$75 DAMAGE

Defective Fuse or Sparks Fires Attic  
at Ralph Eversole Home.

Fire, caused by a defective fuse or  
sparks on the roof, did about \$75 dam-  
age at the two-story residence of  
Ralph Eversole, No. 311 South Buchan-  
an street, at 2:30 o'clock this after-  
noon. Prompt work by the first de-  
partment prevented further devastation  
from the flames. The fire was  
first noticed by Mrs. Thomas Wadley  
and Dennis Reynolds, working nearby.

The first belief that the fire was  
caused by faulty electrical wiring was  
disproven when it was observed that  
the wires were some distance apart,  
preventing any "short" circuit, and  
that the switch below was turned off.  
A fire was in one of the stoves con-  
necting with the fuse at the time.

Part of the roofing on the south  
side of the house was burned away  
before the fire was extinguished by  
chemicals.

## ONLY ONE "BEST."

Maryville People Give Credit Where  
Credit is Due.

People of Maryville who suffer with  
weak kidneys and bad backs want a  
kidney remedy that can be depended  
upon. Doan's Kidney Pills is a medi-  
cine for the kidneys only, and one  
that is backed by willing testimony of  
Maryville people. Here's a case:  
Mrs. R. Snyder, 1108 East Third  
street, Maryville, says: "My kidneys  
bothered me for quite awhile, and I  
had a dull pain across my back. I  
felt tired all the time and couldn't  
rest well. After using a few boxes of  
Doan's Kidney Pills I got great relief.  
My health has been better since."

Price 50c, at all dealers. Don't sim-  
ply ask for a kidney remedy—get  
Doan's Kidney Pills—the same that  
Mrs. Snyder had. Foster-Milburn Co.,  
Props., Buffalo, N. Y.

## CATTLE BRING FANCY PRICES.

Five Prize Shorthorns from Ogden &  
Son Herd Bring \$1,370.  
Lawrence Ogden returned at noon  
today from Kansas City, where he  
went to attend the Shorthorn stock  
sale, at which Ogden & Son exhibited  
a number of head from their herd.  
Five animals from the Ogden herd  
were sold, bringing an average of \$210  
per head. The highest price brought  
by any one of the cattle sold was \$450  
and the lowest \$800.

One passenger was killed for each  
4,500,000 passengers carried by the rail-  
roads of the United States during the  
last year.

VOLUME 5.

MARYVILLE, MISSOURI, THURSDAY, APRIL 29, 1915.

NO. 283.

## RYE, TOO BIG, IS BEING PLOWED UP

PROSPERITY SIGNS PROLIFIC ON NODAWAY COUNTY FARMS.

## ALFALFA PROVES FINE; CORN PLANTING ON

Farmers Increase Lucerne Acreage—No Hessian Fly Indications—Oats, Wheat and Fruit Look Good.

Prosperity notes a plenty are to be found in a hasty and a not even far reaching tour of the rural sections of Nodaway county at present. But perhaps the one most convincing that Nodaway county land is really rich and fertile and the climate all that one could wish for bumper crops this season is to be found on the farm of James Pyles, who lives northwest of Maryville, scarcely out of the city limits.

A hasty glance from the road might lead one to believe that the scene at the side of the highway shows one of misfortune and hard luck, but the surprise comes when one asks the plowman the why and the wherefore of the activity seen from the roadside.

No Hessian Flies, Relief.

For there can be found a 12-acre field of rye, standing from two to three feet high and stood out until one stalk can scarcely lean without hitting a partner stalk. But in the midst of this is the blow boy ruthlessly turning under the rich crop, preparatory to planting it to corn instead this season.

"Are there bugs or Hessian flies in it?" one asks the plowboy, wonderingly.

But no. This is the answer from the plowboy and from Mr. Pyles: "The crop is becoming too heavy and the stalks so high that it is feared the rye will fall before ripe and go to waste, so corn will be planted instead."

Pasturing Did No Good.

Wouldn't that jar you? Too rich and too heavy, that a "set-back" must be provided or else the crop must be turned under. Really, Mr. Pyles did offer a "set-back" to the rye, but to no avail. For all last winter Mr. Pyles pastured the rye with ten head of horses and from four to six head of cattle.

Further than that, the rye was not sown until late last October, and that on a field that had been in corn that year, had just been cut and shocked in the field, and the field not even plowed for the rye, but merely disced and the rye drilled in.

Of course, land on other farms over Nodaway would probably have produced the same result; in fact, there is no doubt of it. This is merely an incident of the rich clover that Nodaway farmers and their families are now rolling in.

Alfalfa Grows in Favor.

Mr. Pyles also has several acres of 2-year-old alfalfa, almost ready to cut, and is sowing more this spring, on account of the success he has had with his trial patch. Other farmers over Nodaway who have experimented report the same happy results, and the acreage continues to grow.

The tardiness of spring this year did, however, set back the spring farm work somewhat, with the result that the oats, though in fairly good condition, are backward, and the corn planting has just begun. In some places the oats are spotted or streaked a little, on account of the tardiness in getting them sown and in having insufficient time in which to properly prepare the seedbed in some instances.

With plenty of moisture until near ripening time, however, and no insects to rust or result, the farmers expect a good oat crop. Plowing for corn is now the principal occupation on the farms, while some already are harrowing the ground or beginning to plant.

Fruit Outlook Good.

Wheat is looking fine and is well stood out, despite the fact that much of it was sown extremely late last fall to avoid the Hessian fly or other insects that are enemies to the wheat.

No Hessian fly larvae are to be found in the wheat or rye stalks, and the belief among farmers is that the enemy has vanished.

The fruit crop, with the exception of peaches, will be heavy, indications are. Vegetables also are showing up well in the farm gardens, as is the case in

the back yards of Maryville homes. Peaches were rendered nil last winter by the severe freezes, it is believed. Blossoms on the apple, cherry, plum and pear trees, however, are unusually thick, and indicative of a plentiful result. Strawberries and black and raspberries also look good.

## SCHOOL FACULTY INCREASED

Clearmont to Have Nine Months Term for Coming Year.

The school year for the Clearmont high school has been changed from an eight months to a nine months term and one teacher has been added to the faculty.

The teaching force for next year will include the principal and four teachers. These changes were made at a recent meeting of the school board which is composed of John Burch, Charles McDermitt, James Dailey, S. P. Sullivan, B. C. Sowers and Roy Hanna.

Prof. George W. Summerville, who was principal last year, has been re-elected for next year, and Miss Neva Wallace, grammar teacher and high school assistant, has been re-elected and given high school work alone for the coming term. The extra teacher to be employed will be in the grammar department.

The remainder of the faculty will be chosen at the next board meeting. The Clearmont school has recently been placed on the approved list with three years high school work.

Prof. Summerville left last week at the close of the term for Columbia, where he will take a special course in study at Missouri university this summer.

## TARKIO PLANS MUSICAL FESTIVAL

New York Symphony Orchestra, Assisted by Musicians There, Will Appear May 4 and 5.

The sixteenth annual musical festival, under the direction of the Conservatory of Music of Tarkio college, will be given at Tarkio, May 4 and 5. The indications are that it will be by far the most important of these celebrated events.

A remarkably meritorious program is to be presented upon this occasion, headed by the New York Symphony orchestra, with Walter Damrosch as conductor. There are fifty pieces in the orchestra, and this will be the first time it has ever been heard this far west.

In addition, the Tarkio Oratorio association will present ninety voices, under the direction of Alfred H. Meyer. There will be ten soloists.

## BREWER, REFEREE AT TRENTON.

Maryville High School to Enter Athletic Meet There May 7.

C. L. Brewer athletic director at the University of Missouri, who refereed the track meet and field meet events here last Friday, has contracted to also referee the events at Trenton high school meet May 7. Eleven schools have already signified their intention of entering the Trenton meet. They are Maryville, Breckenridge, Carrollton, Chillicothe, Lathrop, Princeton, Stanberry, Seymour, Trenton, Pattonsburg and Gallatin.

Two large loving cups have been received to be given to the school securing the largest number of points and the one winning the relay race. A cup will also be given to the high school athlete who breaks the record in the mile run, and another to the one breaking the half-mile run record.

## THOMPSON RITES HELD TODAY.

Services Conducted at the Christian Church in Burlington Junction.

The funeral services for John Thompson, who died Tuesday afternoon at his home, in Burlington Junction, were held at 2 o'clock this afternoon at the Christian church in Burlington Junction. The services were conducted by the Rev. J. H. Weaver and the burial was made in the Burlington Junction cemetery.

Austin Thompson, his sister, Mrs. B. Calvert of Lyman, Col., and Mrs. J. W. May of Bentonville, Ark., son and daughters of Mr. Thompson, arrived in Burlington Junction last night to attend their father's funeral.

## Excelsior School to Close.

The school term at the Excelsior school, ten miles northeast of Maryville, will close Friday, and the day will be spent with a basket dinner, given by the patrons, and a program to be presented by the children of the school. Miss Gertrude Lyle is the teacher.

## LEVIED TOO MUCH?

BELIEVE JEFFERSON, NODAWAY AND ATCHISON OVER-TAXED.

## DOUBLED LAW PERMIT

County Gets 40 Cents of Permissible 75 Cent Duty—Jefferson Would Use 50 Cents.

That the special road and bridge tax of 50 cents on the \$100 valuation, levied by the township board of Jefferson township recently, is contrary to the existing statute laws of Missouri, and is 25 cents more than is lawful, is indicated in an opinion handed down by W. T. Rutherford, assistant attorney general of Missouri, transmitted to County Clerk Fred J. Yeomans. Anyway, the matter is "up in the air," and some untangling will have to be done before the exact status can be determined.

The levy made this spring by two other townships of the county also conflicts, indications are. They are in the cases of Nodaway and Atchison townships, each of which levied 15 cents above that provided by the existing laws.

County Gets 40 Cents.

The provisions in Nodaway county are that the county shall receive a levy of 40 cents on the \$100 valuation in each township for general expenses, the township 10 cents on the \$100 valuation, in the regular 50-cent levy, and that any township may levy an extra 25 cents on each \$100 valuation, to be known as "special road and bridge tax," under the provisions of statute No. 11769, passed in 1909. The statute in full is:

"The county court of any county of the state which is not under township organization, and the township board of directors of any township in any county which is under township organization, may annually, in their discretion, at the same time and in the same manner as taxes are now required by law to be levied for county purposes, levy an annual tax in addition to those now authorized by law in any amount not exceeding 25 cents on each \$100 valuation on all property subject to taxation in such county or township, to be known as a special road and bridge tax."

Take Up Tax Levy Monday.

The laws therefore provide that a township may levy a total of 75 cents on the \$100 valuation, but that 40 cents shall go to the county, leaving 10 cents in the regular levy for the township and 25 cents special for road and bridge building. Under the action of the Jefferson township board, a total levy of \$1 on the \$100 is indicated, giving the township 50 cents levy and the county 40 cents. In Atchison and Nodaway townships the county would get 40 cents and the townships 50 cents, instead of 35 cents, as provided.

The annual tax levy for Independence, Hopkins and Monroe townships submitted to the county court this week is in accordance with the provisions of the law in every way, and will not be questioned. The county court will take up the annual tax levy business when it meets next Monday. It is believed the levy this year will be virtually the same as in the last year.

## FORM TOWNSHIP ORGANIZATION.

Monroe Sunday Schools Hold Meeting Tuesday at Skidmore.

The Sunday schools of Monroe township held an inter-denominational convention at Skidmore Tuesday to perfect a township organization.

The officers chosen were G. L. Owen, president; William Howden, vice president; Miss Anna Linville, secretary; Fred M. Barrett, treasurer; Mrs. T. C. Gray, superintendent of elementary department; Miss Maude Linville, secretary; Ray Strickler, adult; Rev. W. H. Welton, home; H. W. Montgomery, temperance, and Miss Vera Cunningham, missionary department.

An interesting and instructive program was given at the convention, which was held in the Christian church.

The meeting was one of a series which is being held in each township under the direction of the county organization. Seven townships are yet unorganized into individual associations, and these meetings are now being arranged and will be held within the next two weeks.

## Officers Take in Show.

Sheriff Edwin Wallace and Chief of Police E. C. Moberly went to St. Joseph yesterday afternoon to attend the 101 west show last night and to see Jesse Willard, heavyweight champion in vaudeville.

## NOW STATE ARRESTS YEAMAN

Barber Fined Yesterday by City for Gaming, Now Charged in Circuit Court.

Roy O. Yeaman, fined \$50 and costs of \$11.65 in police court yesterday for allowing a gaming device to be set up and operated in a place under his possession, was arrested late yesterday afternoon on a warrant filed by Prosecuting Attorney W. G. Sawyers, charging him with a similar violation. He gave bond for \$200 for his release pending arraignment in circuit court here May 14, when the court convenes next. Yeaman will not be tried before next September, should he deny his guilt on the state charge.

## LINCOLN GETS ROAD MONEY

County Treasurer Turns Over \$25,069.25 Special Bridge Improvement Fund.

Receipts for \$25,069.25, comprising the \$25,000 special road fund voted last fall for Lincoln township bridge and culvert improvement, and the premium of \$69.25, was filed with the county court today by C. E. Graham, trustee of Lincoln township. The money was turned over by County Treasurer W. R. Tilson after the state auditor and the bond purchasers in Chicago had passed on and approved the bonds.

The bonds bear 5 1/2 per cent interest, payable in annual installments, all bearing date of March 1. They were sold last February. John H. Clary, former county highway engineer, will have charge of the permanent culvert construction work. He reports that about 500 crossings are needed in the township. The fund will probably not provide for all.

## ROSS TO HEAD COMPANY F

Quartermaster Sergeant, Succeeds Ezra Phipps by Unanimous Vote—FBI Other Vacancies Soon.

Company F Officers.

Captain—John K. Ross, First Lieutenant—Loren DeMotte, Second Lieutenant—Arch Ledgerwood.

First sergeant—Claude Wilson, Quartermaster sergeant—Harold Ewing.

Right guide sergeant—Arch Colden, Left guide sergeant—Charles Wilson, Duty sergeants—Francis Kegin and George Liston.

Corporals—Otto Long, Claude Neville, Vane Hanna, Bert Woodard and Dean Ledgerwood.

John K. Ross, quartermaster sergeant, was unanimously elected captain of Company F, Fourth regiment, National Guards of Missouri, in a special election held last night to select a successor to Ezra Phipps, who resigned as commander of the company last year. Chester Bennett was the only other nominee for the place. Brint Embree declined the position, although talked of for the place.

Ross has been a member of the guards for six years, the last five as quartermaster sergeant. He is considered well trained in drilling, commandery, tactics and arms practice. He will assume the position as company commander within a short time.

The filling of other vacancies in the company staff will be accomplished within a short time.

Harold Ewing was detailed to succeed Ross as quartermaster sergeant, pending the election to fill that position.

## BELLOWS BULL BRINGS \$625.

Bucklin Breeder Paid High Price for Shorthorn—Wanted for Fair.

A young southern bull from the herd of Bellows Brothers, Maryville, was purchased for \$625 by Gus Benson of Bucklin yesterday at the annual sale of the Central Shorthorn Breeders' association, held at Independence.

F. W. Harding, secretary of the American Shorthorn Breeders' association, bid on the Bellows bull for the purpose of adding him to the herd of Shorthorns that will be exhibited at the Panama-Pacific exposition. A limit of \$600 on the price, placed by the association, prevented the animal from passing into the hands of the association.

Mr. Harding declared the sale a good one for the quality offered and he expressed the belief that the outlook for the cattle business has never been brighter, despite shipping restrictions still hanging over from the foot and mouth disease scare.

Mrs. Carl Murray and children left yesterday for a short visit with relatives at Pawnee, Okla.

## LIFE MOST WANTED

METHODIST EVANGELIST TELLS MEN'S GREATEST DESIRE.

## "WHY BE A CHRISTIAN"

The Rev. Mr. Price Will Discuss Value of Church Affiliation to First Methodists Tonight.

Methodist Revival Calendar.

Tonight, 7:30 o'clock—Special prayer meeting for women in the Epworth League room.

Tonight, 7:30 o'clock—Special prayer meeting for men in the primary department room.

Tonight, 8 o'clock—Regular service. Friday, 8 o'clock—Special service for Normal, high school and Business college students.

The Rev. Thurston B. Price, who is conducting evangelistic services at the First Methodist church, will preach tonight from the subject "The Reasonableness of Being a Christian and the Folly of Not Being."

Tomorrow night the evangelist will preach a special sermon to students, taking for his sermon subject "Tracing the Life of a Boy." There will be special music by the glee club and by the Rev. E. N. Guice, who is directing the chorus choir.

Last night the song service was particularly good and the solo, "Shadows," by Mr. Guice, very pleasing.

What Men Most Want.

The Rev. Mr. Price took for his sermon subject last night "What is It That Men Most Want?" He said in part:

"You raise the question in the average crowd of men or women, what it is that men most want? and instantly some one will tell you that it's money. That money is the crying passion of men of today. That the world is rushing pell mell in its mighty rush after money."

"Now, I am willing to acknowledge that men are sacrificing honor, men are sacrificing many things that they hold dear in the pell mell, mad rush after money, but I am not willing to acknowledge—no, not for one brief instant—that money is the real crying, yearning desire of the human heart! Why? Because I know men, and I think you know men. Men that have all the money that they can possibly handle. Men whose annual income is so immense that they do not even know what it is; men who are worth millions upon millions of dollars, and yet men who do not know one single hour of peace and contentment and satisfaction in life."

The Secret Revealed.

"Down deep in every breast there is a God-given assurance for everlasting life. \* \* \* The Book of God says, and human experience proves it is true, that as the heart panteth after the water brook, so panteth the heart of man after God. \* \* \* Down deep in every human heart there is the longing to know that all is well between the soul and God."

"If life and eternal life is the burning desire of the human heart, is it possible for all men to have their chief desire gratified? Is it possible for all men to have that which they want most? If it was money I would have to answer no; if it was luxuries, I would have to say no."

Eternal Life a Gift.

"If the scientific, or the medical, or the philosophical world cannot give this to you, and God alone can't give it to you, does it not become an interesting matter to you, how shall the human soul go about it coming into the right relationship with God that he may obtain God's favor, and through God's favor obtain the assurance of everlasting life?"

"You cannot earn eternal life, you cannot work your way into the Kingdom of God. \* \* \* There is no such thing as a short cut to heaven. You can't beat your way into the Kingdom of God."

"The great block over which most men are stumbling is that they are all ready to grant you some things, but when it comes down to the acknowledgement that they need the mercy of God, they balk. \* \* \* You will never get anywhere until you shell down the corn, and get down to business."

Visits in St. Joseph.

The Rev. Father Freund of Clyde was the guest of the priests of St. Joseph's cathedral parish at St. Joseph yesterday.

Parker & Proffitt, J. Owens, J. H. Lemon and George Jones had stock shipments on the St. Joseph market yesterday.

## ALLIES TAKE TURK FORCE

Musselmans Lose Battalion in Fierce Fighting on Gallipoli Peninsula—Others Defeated.

By American Press.

London, April 29.—A dispatch from the Athens correspondent of the Exchange Telegraph company says that there was fierce fighting throughout Wednesday on the shores of Smyrna bay, on the western side of the Gallipoli peninsula, eighteen miles north of the south extremity. It resulted in success for the allies.

The losses of the Turks were serious. One entire battalion was captured by the allies and others depleted.

## KNOCK DUNN STREET PAVING

Six Property Owners Oppose Proposed Improvement, Second to Fourth.

A petition remonstrating against the paving of Dunn street from Second to Fourth streets, as provided in a resolution recently adopted by the city council, was filed today with City Clerk Chester Bennett. It is signed by six persons purporting to be "resident property owners along the two blocks affected."

If they are all bona fide property owners the two blocks of paving will be rendered null. Those who signed are Mrs. Martha E. Turner, Mrs. Anna B. Hutchison, Mrs. Catherine Miller, Preston Seafers, R. Craven and Mary A. Phares.

A remonstrance against paving Ninth street from Mulberry to Dunn street also was filed recently. No other remonstrances have been filed. Twelve streets are proposed for paving by the city.

## ITALY TO EITHER SIDE

Latins Look to Own Advantage in War—Trieste Action May 5, May Decide Fate.

By American Press.

Rome, Italy, April 29.—Italy is continuing negotiations with the powers assayed on both sides of the war. The diplomatic interchanges with the allies are designed definitely to clear the atmosphere in regard to what Italy would obtain should it enter the war on the side of the triple entente.

Conversations with central empires seem to aid chiefly at convincing Vienna and Berlin that this country is determined to remain steadfast in its demands.

Deputy Basilai, a native of Trieste, elected to the chamber from Rome for the last twenty-five years, in speaking of the patriotic event at Quarto San Elena, on May 5, when a monument will be unveiled in memory of Garibaldi volunteers, in the presence of the king and veterans of the war of independence, said: "This event will be an official declaration of war against Austria. It will be a challenge of the Latins to the Germans of the war."

## NEED "NO SPITTING" SIGNS.

Corridor Floor and Court House Walls Defiled by Tobacco Chewers.

Janitor Bailey, in his special cleanup of the court house this week, is finding much need of signs warning persons against spitting on or defiling the walks, floors and walls of the court house and grounds. The county court purchased signs to that effect last year, but many of these have been lost or destroyed so that now none are to be noticed in the court house corridors, and only a few elsewhere about the premises.

As a result boys last winter congregated in the east end of the corridor, and defiled the floors very badly in this respect. In cleaning behind a radiator this morning Mr. Bailey found the real cuspidors, though such places were not originally intended for such purposes.

William Rankin of Tarkio will plant 17,000 acres to corn this spring, all of which he expects to average 40 bushels to the acre. He intends to feed the entire crop to stock on the Rankin farms.

## May Morning Breakfast

SATURDAY 6:00 TO 8:30 A. M. MAY 1  
The Endeavor Society of the First Christian Church will serve at the church the following Menu:  
Ham and Eggs Hot Biscuits and Honey  
Coffee Strawberries and Cream Toast  
DON'T FAIL TO COME ALL FOR 25 CENTS PLENTY TO EAT FOR ALL

## TO-NIGHT

"The Christian"  
First Show 7 o'clock Second Show 9 o'clock  
Children 15c EMPIRE THEATRE Adult 25c

## BAPTISTS WILL IMPROVE CHURCH

TO BUILD BALCONY, REDECORATE INTERIOR, REPAIR ROOF.

## COMMITTEE IN CHARGE \$2,500 IMPROVEMENTS

Will Furnish Plans, Specifications and Receive Bids—Favor Paving—May Hold Services in Tent.

Several progressive moves were taken at the regular monthly meeting of the First Baptist church last night. A committee was appointed to prepare plans and specifications and receive bids for establishing a balcony in the church to seat 200 persons, to decorate the church interior with frescoing, painting, plastering and repairing, to improve the church roof at a cost of about \$2,500 and to install plumbing and electric fans, at an aggregate cost of about \$2,500.

It was unanimously voted last night to support the resolutions adopted by the city council providing for pavement on both the east and the south sides of the church, even though it will cost the church between \$700 and \$900. The church owns a half block on each side.

Plan Outdoor Services.

The proposition to purchase a tent to seat 500 persons for use this summer for regular and special church services also was considered, but no definite action taken. The matter will be deferred until the next meeting. It is planned to erect the tent at the east side of the church.

The appointment of several gospel teams for evangelistic work over this and adjoining counties this summer also was discussed. Definite action in this move will be made at the regular monthly banquet of the Men's club, to be held in the church basement next Thursday night, May 6.

The plan was decided on last fall, but on account of other work coming up was deferred. Three calls have already been received from Holt county.

The teams will consist of between four and six members of the church. They will hold services in both churches and school houses—wherever a call is made. They will not be merely Baptist meetings, but union services for those of any or no denomination.

Is Free from Debt.

The committee which was appointed last night to arrange for plans and specifications for the church balcony and to receive bids for its erection consists of Senator Anderson Craig, Representative Charles Hyslop and Eugene Ogden. They will complete the preliminary work as soon as possible. The money for the improvements is to be obtained by subscriptions. The Ladies' Aid society of the church already has a fund of between \$500 and \$600 for the interior decoration and improvement.

The improvement of the roof will be made at once, as the "valleys" leak in several places, and in other places repair is needed soon. The interior work will be deferred until the balcony is installed and roof repaired. The balcony will extend out over the rear of the auditorium about fifteen feet and will be reached by a stairway on either side of the entrance, and perhaps one from the front inside.

The church is now free from debt, a \$2,500 final payment being made on the church building just last year. It was dedicated in 1905.

A marriage license was issued at St. Joseph yesterday to George A. Burch of Burlington Junction and Miss Cecil A. Gray, Clearmont.

## DEATH FOR THE SPARROW.

Several Ways for Killing Alien Pest  
Told in Government Bulletin."The English sparrow among birds,  
like the rat among mammals, is cun  
ning, destructive and filthy."In such a statement is the case of  
the United States department of agri  
culture against the common English  
sparrow summed up. It is set forth  
by Ned Dearborn, an expert on birds  
connected with the biological survey.  
The English sparrow among birds,  
like the rat among mammals, is cun  
ning, destructive and filthy. Its nat  
ural diet consists of seeds, but it eats a  
great variety of other foods. While  
much of its fare consists of waste ma  
terial from the streets, in autumn and  
winter it consumes quantities of weed  
seed and in summer numerous insects.  
The destruction of weed seed should  
undeniably count in the sparrow's  
favor.Its record as to insects in most lo  
calities is not so clear. In exceptional  
cases it has been found very useful as  
a destroyer of insect pests. For ex  
ample, during a recent investigation by  
this bureau of birds that destroy the  
alfalfa weevil in northern Utah, English sparrows were feeding their nest  
lings largely on weevil larvae and in  
worms, both of which are very injuri  
ous to alfalfa.In this case the sparrows, attracted  
by grain and by the excellent nest  
sites afforded by the thatched roofs of  
many farm buildings, had left the city  
and taken up their abode in the coun  
try where the weevil outbreak subse  
quently occurred. Unfortunately, how  
ever, farmers can rarely expect such  
aid against their insect foes. Where  
ever this bird proves useful, however,  
it is entitled to protection and encour  
agement in proportion to its net value.The most effective method of pre  
venting the increase of sparrows in a  
locality is to destroy their nests at in  
tervals of ten or twelve days through  
out the breeding season, according to  
Mr. Dearborn's bulletin. In a town of  
four thousand inhabitants, where this  
method of attack has been practiced  
during the last four years, twenty  
thousand eggs have been destroyed  
and the number of sparrows has been  
greatly reduced. This work, however,  
should not be entrusted to boys or per  
sons unfamiliar with the native spe  
cies, as otherwise valuable birds may  
be destroyed under the belief that they

are English sparrows.

For the trapping of sparrows, Mr.  
Dearborn suggests the following de  
vices and methods:The sieve trap is adapted for ser  
vice where food is abundant. In the  
duck yards of the National Zoological  
park, Washington, it is the only trap  
that has proved successful. It consists  
of a shallow box not less than four  
feet square, open on one side, covered  
with woven wire on the other, and  
having a small door near one corner.In setting this trap, one side rests  
on the ground, "which is" carefully  
smoothed where the trap will fall,  
while the opposite side is supported by  
a stick eighteen inches long. Near the  
upper end of this stick is attached a  
long cord, and between the top of it  
and the edge of the trap is placed a  
chip. By setting the trap over bait and  
pulling the cord from a sheltered point  
of observation numbers may be caught.Iron ore mined in the United States  
last year is estimated by the geological  
survey between 41,000,000 and 42,500,  
000 long tons, about one-third less  
than the year before, which holds the  
record.

## NO LID ON FREE SPEECH

President Lowell of Harvard Replies  
to Miffed German Professor.Cambridge, Mass., April 29.—Presi  
dent A. Lawrence Lowell of Harvard  
university made public his reply to  
the letter addressed to him by Pro  
fessor Kuno Meyer of the University  
of Berlin, in which the latter protested  
against the publication by a Harvard  
student paper of a poem entitled  
"Gott Mit Uns." Dr. Lowell disclaims  
for the university authorities any re  
sponsibility for the verses and says  
Harvard's policy of freedom of speech  
will be preserved.The poem, which was anti German  
in tone, was written in competition  
and the author was given a prize. The  
judges were two professors of the un  
iversity.

COLONEL CALLED  
BLUFF OF PLATTTold "Easy Boss" He Would  
Fight For Renomination

## SEVENTH DAY IN WITNESS BOX

Roosevelt Tells Why He Conferred  
With Platt—Took No Chances of  
Disrupting Republican Party by Op  
posing Man Legislature Obeyed.Syracuse, N. Y., April 29.—Theodore  
Roosevelt on his seventh day upon  
the witness stand amplified the an  
swers he made to questions asked him  
upon cross-examination by counsel for  
William Barnes, plaintiff in the suit  
for libel against the former president.  
He told why he conferred with United  
States Senator Thomas C. Platt while  
governor, vice president and presi  
dent of the United States.He related how he threatened Sena  
tor Platt just prior to the Philadelphia  
convention of 1900 that he would fight  
for the New York gubernatorial re  
nomination if the "easy boss" made  
good his own threat to keep him out  
of the race as punishment for not ac  
cepting the nomination for vice presi  
dent.

## Colonel Smiles Again.

The colonel told of these things and  
many others upon redirect examina  
tion. The minute his cross-examina  
tion ended he sat up alertly in his  
chair and the solemn expression that  
had enshrouded his features during  
the last two days of his cross-exami  
nation gave way to a jolly smile.He leaned toward the jury; he  
squared his jaw; he raised his voice;  
he lifted his open hands and brought  
them down upon his thighs. He  
pounded with his clenched fists upon  
open palm. He used every gesture,  
every movement at his command to  
make his words more forcible. And  
as he stepped down from the witness  
stand at the end of the day he, laugh  
ingly, said: "I am not tired."Speaking of Senator Platt, the for  
mer president of the United States said  
that he conferred with him on matters  
legislative, administrative and polit  
ical, because he considered the sena  
tor's wide experience was valuable  
and because he realized that the or  
ganization controlled the legislature  
and that the senator controlled the  
organization.

## Wanted Positive Action.

"I did not want to disrupt the Re  
publican party," said the colonel, "as  
long as I did no wrong act in prevent  
ing it. Then, too, I wanted to get af  
firmative action in Albany. I could  
prevent wrong being done if I broke  
with them, but I could not get affirma  
tive right done. When there was a  
doubt in my mind I conferred with the  
senator as head of the organization,  
while at the same time, and primar  
ily doing what the interest of the state  
demanded. I found that when there  
was apt to be an issue between me  
and the state senate it was advisable  
to go where the power lay and not  
talk to men who merely carried out  
the bidding of Mr. Platt. I consulted  
Mr. Platt on all important matters  
that came up."

## GERMAN FLEET IN NORTH SEA

Captain of Swedish Craft Reports

## Passing Sixty-eight Warships.

London, April 29.—Captain Scott,  
commanding a Swedish steamship, re  
ports the presence in the North sea  
of a German fleet numbering no less  
than sixty-eight vessels all told.  
Captain Scott, whose vessel has just  
come to port, reports that while cross  
ing the North sea he was held up by  
one of these German vessels. After  
an examination of his papers he was  
permitted to proceed. The German  
fleet was composed of vessels of all  
classes, from battleships to torpedo  
boats.

## GRAIN AND PROVISIONS

to \$6.85; westerns, \$5.60 to \$7.40; cows  
and heifers, \$3.30 to \$8.40; calves, \$6.50  
to \$9. Hogs—Receipts, 26,000; strong to  
10c higher; bulk of sales, \$7.40 to \$7.60;  
light, \$7.25 to \$7.75; heavy, \$6.90 to \$7.55;  
rough, \$6.90 to \$7.10; pigs, \$5.35 to \$6.90.  
Sheep—Receipts, 11,000; weak; sheep,  
\$7.50 to \$8.40; lambs, \$8.25 to \$10.85.

## South Omaha Live Stock.

South Omaha, April 29.—Cattle—Re  
ceipts, 6,000; stronger; beef steers,  
\$7 to \$8.50; cows and heifers, \$5.75 to  
7.75; stockers and feeders, \$6.25 to  
8; bulls, \$5 to \$6.50; calves, \$7 to \$10.  
Hogs—Receipts, 12,000; 5¢ to 10¢ high  
er; bulk of sales, \$7.25 to \$7.30; top  
\$7.35. Sheep—Receipts, 5,000; 25¢  
lower; lambs, \$8 to \$10.50; wethers,  
\$7.75 to \$8.50; ewes, \$7.25 to \$8.25.

## 500 IN HIGH SCHOOL MEET.

Entries Closed for Event at Columbia,  
May 1.Entries for the state high school  
track meet have been completed. No  
more schools can enter under the rules.  
There are about five hundred individ  
ual athletes entered. In class A the  
following will compete:Westport, Northeast, Central and  
Manual high schools, Kansas City; St.  
Louis Manual, St. Joseph Central, Co  
lumbia high, Joplin high, Parkville,  
Kemper Military Academy, Boonville,  
Wentworth Military Academy, Lexing  
ton, Missouri Military Academy, Mex  
ico.In class B: Brookfield, Bosworth,  
Bogard, Bethany, Brunswick, Breck  
enridge, Charleston, Clinton, Carroll  
ton, Chillicothe, DeSoto, Eldorado, Gal  
latin, Jefferson City, Kirkwood, La  
throp, La Plata, Liberty, Laddonia,  
Mound City, Maitland, Mt. Vernon, Mil  
lan, Maryville, Montgomery, New  
Hampton, Northern, Paris, Republic,  
Shelbina, Sikeston, Slater, Savannah,  
Tarkio, Wellsville, Windsor, Wellston,  
Weston, Webster Grove.The events for the meet are as fol  
lows: For each class—50-yard dash,  
100-yard dash, 220-yard dash, 440-yard  
dash, 880-yard run, 12-pound shot  
put, discus throw, running jump and  
pole vault.For class A only will be the 120-yard  
high hurdles and 220-yard low hur  
dles. For class B only will be the  
120-yard low hurdles. Each class  
will also have a half mile relay race.  
The records of the interscholastic  
meets are:100 Yard Dash—Wentworth Military  
Academy, Wyatt, 0:10, 1908.200 Yard Dash—Wentworth Military  
Academy, Wyatt, 0:22.1, 1908.440 Yard Dash—Wentworth Military  
Academy, Mellor, 0:52, 1908.Half Mile Run—Central, St. Louis,

itary Academy, Sunderland, 11-2, 1911; Chil  
licothe, Jones, 11-2, 1911.Half Mile Relay—Sedalia, 1:36.3,  
1911.One Mile Relay—Sedalia, 3:34.4,  
1911.

## LETTER LIST.

Following is a list of the letters re  
maining unclaimed in the Maryville,  
Mo., postoffice for the week ending  
Wednesday, April 28, 1915:

## Men.

Appleby, Elgin.  
Dalby, Mr. and Mrs. Harry.  
Dow, Geo. W. (official).  
Hays, John.  
Mastin, F. A.  
Olliver, J.  
Reeves, J. B.  
Roberts, John.

## Women.

Berry, Mrs. Myrtle.  
Bruner, Miss Esther.  
St. Clair, Miss Mildred.  
Walcott, Miss Grace.  
Whetzel, Miss Charlotte.  
Persons calling for the above named  
letters will please say "advertised."  
JAMES TODD, Postmaster.

## Salt Kills Dandelions.

The advice that if dandelion plants  
are cut close to the ground then a so  
lution of table salt applied the roots  
will die, is given in the attack now  
being waged everywhere against the  
dreaded lawn enemy.The cottonseed oil production of the  
United States is now more than 200,  
000,000 gallons a year, or five times as  
much as in 1890.DeHart and  
Holmes'Jitney

## We're Friends of Yours Mr. Farmer

Because we anticipate your needs  
and supply them

### We specialize on Louden Hay Tools

All necessary hay forks, tracks,  
pulleys and other hardware that  
you will need in building your  
new barn.

Let us fit you out with equipment for your barn that will save  
you time and labor in putting away your hay crop this season.  
Time is worth money these days and labor costs lots of money. If  
we can show you how to institute a saving in both you are  
willing to listen. We can do it.

We have a good supply of machine and harvester oils on hand  
and our prices are right in this department.

We can equip you with any of the smaller tools that are re-  
quired for hay time and to get away with the weeds. Scythes  
and sickles, and you may need a new hedge knife.

We want your business and believe  
that we can always merit it.

### MAKE OWN HOME IMPROVEMENTS.

Before Hiring Work Done Consult  
Lumberman or Order Parts  
Wanted, the Advice.

Have you ever wished for a pergola  
or an arbor in your garden, and abandoned  
the idea on account of the ex-  
pense, queries the Kansas City Star.  
So many little improvements and con-  
veniences wanted for the house and  
garden have to be sacrificed after the  
local carpenter has given an estimate  
of the cost. Lumber is high, and labor  
is higher; and the householder usually  
must pay the top price for material.

Here is a case in point: A man liv-  
ing in the suburbs of a large city want-  
ed a pair of glass doors set between  
his hall and dining room. He called  
in the local carpenter and gave him  
the order. The carpenter, a good work-  
man, turned out an excellent pair of  
doors; the material was good, the  
glass was well set, and the fastenings  
were of the best. But the bill was \$19!

Now, these glass doors could have  
been supplied at less than half this  
cost by a factory, and he could have  
hung them himself with little labor.

This does not mean that the carpen-  
ter in the case was dishonest. He was  
not. His charge for the work he did  
and the material he used was a fair  
charge. His work was done by hand  
and consumed much time. The large  
concerns turn out French doors, lattice  
windows, etc., in standard sizes by the  
quantity and therefore are able to do  
such work at a very small cost to the  
customers.

Any man with a taste for carpenter-  
ing can make endless improvements in  
his house on a comparatively trifling  
expenditure, if he takes advantage of  
the ready made stock offered by large  
concerns.

Pillars for pergolas, for example, can  
be had ready to set up for as little as  
\$1.50 each. Lattice work for arbors  
and verandas, extra windows, tiling for  
bathrooms, wainscoting and paneling  
—all these, and countless other things

How a new coat of  
good paint freshens  
up the house! But  
be sure it  
is good  
paint.

### PROTEST AGAINST MEAT RATE INCREASE

Packers In Interior Points Heard  
at Chicago Hearing.

Chicago, April 29.—Protests against  
the advance in freight rates on pack-  
ing house products and fresh meats  
from transmississippi river territory,  
proposed by forty-one western rail-  
roads, among other commodity rate  
advances, was voiced before W. M.  
Daniels, interstate commerce commis-  
sioner, in the hearing of the western  
rate case.

Representatives of packers in in-  
terior points, spokesmen for South  
Omaha and St. Joseph interests, gave  
their reasons for opposing the in-  
crease of 3½ cents per 100 pounds,  
which the railroads are seeking to  
add to the present freight rates.

A. V. Stryker, secretary of the Live  
Stock exchange of South Omaha, de-  
clared that the chief objection to the  
proposed freight rates increases was  
that it would add to a disadvantage  
which South Omaha already suffered  
from in competition with Kansas City.

H. G. Krake, commissioner of the  
traffic bureau of the Commercial club  
of St. Joseph, Mo., made a similar  
protest against the Kansas City rates.  
H. A. Davis, traffic manager of John  
Morrell & Co., packers at Ottumwa,  
Ia., objected to the proposed advance  
on the ground that it would disturb  
the present adjustment between in-  
terior Iowa points, including Ottumwa  
and Memphis, where there is now  
strong competition.

**Drops Bombs on Mauser Rifle Plant.**  
Geneva, April 29.—A French airman  
threw four bombs on the Mauser rifle  
factory at Oberndorf, near Stuttgart.  
Each of these missiles reached its  
goal and, according to the information  
coming into Geneva, considerable  
damage was done. Quantities of mu-  
nitions and some machinery were de-  
stroyed.

### UNION LEADERS AND CONTRACTORS HELD

Chicago, April 29.—The eighteen of-  
ficials of labor unions, eighty-two  
contractors or contracting firms and two  
alleged trusts named in indictments  
returned in the United States district  
court, charging violation of the Sher-  
man anti-trust and interstate com-  
merce law, are expected to appear to  
give bond of \$10,000 for each in-  
dictment in which their names appear.

If the indicted men do not respond  
within a few days, it is announced by  
the court, capias will be issued.

The charges in each of the eight  
indictments are conspiracy to restrain  
trade, combination in restraint of  
trade, interfering with interstate com-  
merce and restraining interstate com-  
merce. The labor leaders are charged  
with having prevented union workmen  
from unloading or handling goods  
which had been shipped from outside  
the state, because of alleged disputes  
with the concerns to which the goods  
are billed.

The indictments charge that associa-  
tions have been formed here for the  
purpose of boycotting goods, in  
certain lines, manufactured outside of  
Chicago. The labor leaders, it was al-  
leged, had agreed not to permit their  
men to work on jobs where material  
manufactured outside of Chicago was  
being used, and the contractors  
agreed, it was charged, to employ only  
workmen who were members of the  
unions which belonged to the associa-  
tion.

Officials of the Chicago Lighting  
and Fixture association and the Chi-  
cago Switchboard Manufacturers' as-  
sociation were named in two in-  
dictments. Many well known electrical  
contractors also were included in the  
list.

### CONSERVATORY TO BE ENLARGED.

Recital Hall and Studios to be Redeco-  
rated and Improved.

The quarters of the Maryville Con-  
servatory are to be enlarged by the  
use of the front rooms over the Byers  
grocery, giving the conservatory the  
entire floor as well as the recital hall  
below.

The interior of both upper and lower  
floors is to be redecorated and refur-  
nished and various minor improve-  
ments installed. The new rooms will  
be used for teaching studios.

### New Steel Tank Completed.

Work on the new steel water tank  
for the Great Western at Parnell was  
completed yesterday.

The tank was built to replace the old  
wooden one. The railroad company  
has been making various other im-  
provements in the yards at Parnell this  
spring.

## ALLIES BEAT OFF ALL ATTACKS

Confederate Forces Now Estab-  
lished on Gallipoli Peninsula.

### GERMAN RUSH IS CHECKED.

Sir John French Says Attack Has  
Been Halted, but Lost Ground Is  
Yet to Be Regained—Counter As-  
saults Are Being Delivered.

### WAR SUMMARY

French war office reports relative calm  
in Belgium and the retention by the  
allies of the ground which they re-  
gained since the inauguration of the  
German forward movement.

Land operations in connection with  
the attack on the Dardanelles are  
taking their place at the forefront  
of the campaign. While Turkey con-  
tinues to assert that the allied  
forces have been repulsed at various  
points with heavy losses, and Ber-  
lin reports that 8,000 French and  
British soldiers have been driven to  
the sea and that 12,000 have been  
captured, the British war office has  
issued a statement declaring that in  
the face of continual opposition the  
allied troops have established them-  
selves across the end of the Galli-  
poli peninsula.

Austrian submarine U-6 has torpedoed  
and sunk the French cruiser Leos  
Gambetta in the Ionian sea.  
In the eastern war zone, according to  
Vienna, the general situation re-  
mains unchanged.

London, April 29.—The British war  
office issued the following announce-  
ment on the Dardanelles operations:  
"In the face of continual opposition  
the allied troops have now established  
themselves across the end of the Galli-  
poli peninsula, from a point north-  
east of Eski Hisarlik to the mouth of  
a stream on the opposite side."

"They have also beaten off all at-  
tacks at Sari Bair and are steadily  
advancing."

"The Turks have made considerable  
preparation to hamper any landings  
Wire entanglements under the sea as  
well as on land, and deep pits with  
spikes at the bottom were among the  
obstacles overcome by the troops."

### Report Not Confirmed.

The sensational report that 8,000 of  
the allies' troops have been driven to  
the sea on the Gallipoli peninsula and  
that 2,000 were captured also, comes  
from Berlin, but has no confirmation  
from other sources. It is expected  
that the operations against the Darda-  
nelles will proceed slowly, as the  
Turks are strongly entrenched and  
their wire entanglements and trenches  
will have to be shelled heavily before  
the troops can make any serious at-  
tempt to advance.

### Definitely Check German Rush.

"Our operations, in conjunction  
with the French, have definitely  
stopped the German attack."

In these words Field Marshal Sir  
John French, commander in chief of  
the British forces on the continent,  
announces the conclusion of another  
German attempt to break through the  
allied lines around Ypres and along  
the Yser canal, which brought about  
one of the most sanguinary battles of  
the war.

This, however, only brings to an  
end the first phase of the battle, for  
the allies have yet to win back the  
ground which they lost in the great  
German sweep.

For this purpose they are now deliv-  
ering counter attacks against the Ger-  
man lines.

### FOUR GERMAN PLANES LOST

French Fliers Score Victory in Battle  
With Enemy Machines.

Paris, April 29.—The following offi-  
cial statement was issued by the war  
office:

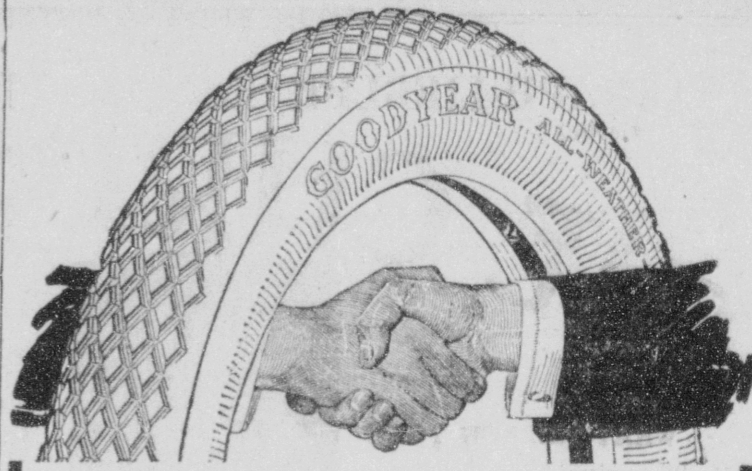

"One of our aeroplanes dropped six  
projectiles on the hangars of the diris-  
tibles at Friedrichshafen. The aviator  
observed clouds of smoke rising from  
the roof of one hangar. Twenty-one  
shells have been dropped on the sta-  
tion, the bridges and factory at Leo-  
goldsh (Baden). During this bomb-  
ardment one of our aeroplanes was  
within the German lines."

"During the course of the day four  
German machines were pursued and  
reached by our aviators. One fell  
ablaze within the lines of the enemy  
near Brimont. Two others came to  
the earth near our trenches—one in  
Champagne and the other in the re-  
gion of Amiens—and were destroyed  
by our artillery. The fourth fell with-  
in our lines at Muizon, west of Rheims.  
The two German aviators, who were  
not wounded, were taken prisoners."

### Zapata Forces Cut Railroads.

Washington, April 29.—Zapata  
forces operating behind General Obre-  
gon, the Carranza commander at Ce-  
lala, have cut his rail and wire com-  
munications and have destroyed part  
of the railway between the capital  
and Vera Cruz. Duval West, Presi-  
dent Wilson's personal representative,  
is held up on a train delayed by the  
break.

**Crickets Devastate Wheat Fields.**  
Spokane, Wash., April 29.—Six hun-  
dred acres of wheat has been de-  
stroyed by crickets in the Wilson  
creek country of Grant county.

## The Co-operative Tire

Goodyear has always built  
co-operative tires. Every sav-  
ing has gone to the user. The  
more men bought the better we  
built them, and the lower we  
sold them.

That is why Goodyear has  
held top place, outselling any  
other tire.

### 3 Reductions

Note that in two years we  
made three big price reductions.  
The last—on February 1st—  
brought the total to 45 per cent.

Yet in costly ways these tires  
have been bettered. In not one  
iota were they ever skimped.

Our Fortified Tire is still  
"On-Air" cured to save blow-  
outs. Yet that one extra costs  
us \$450,000  
yearly.

It still has  
our No-Rim-  
Cut feature. It  
has in each  
base 126  
braided piano

wires to make the tire secure.  
It embodies hundreds of rubber  
rivets, formed to combat loose  
treads.

Our All-Weather tread is  
still double-thick. It still has the  
sharp, tough, resistless grips.

Those extras—all exclusive  
to Goodyear—are all retained,  
despite our price reductions.  
And we still spend \$100,000  
yearly to discover new ways  
to better them.

### Your Ally

In all these ways, Goodyear  
is your ally. You do injustice  
to yourself when you fail to  
secure this advantage. Never  
in tire history was such value  
given as you get in Goodyear  
tires today.

No smaller  
makers can  
ever give so  
much.

Any dealer  
will supply  
you. (2337)

### California Visitor to Come.

Mrs. Tom Condon of Los Angeles,  
Cal., who is now visiting relatives at  
Stanberry, is expected to arrive in  
Maryville the last of the week to visit  
Mr. Condon's mother, Mrs. B. E. Con-  
don, and family.

### (First Insertion Apr. 1; last April 29.)

**NOTICE OF FINAL SETTLEMENT.**  
Notice is hereby given that the un-  
dorsigned James B. Robinson, executor  
of the estate of James A. Yarnell, de-  
ceased, will make Final settlement of  
his accounts with said estate as such  
executor at the next term of the Pro-  
bate court of Nodaway county, Mis-  
souri, to be holden at Maryville in said  
county, on the 10th day of May, A. D.,  
1915.

James B. Robinson,  
Executor.

### INGRAM FUNERAL HELD.

Rites Conducted at Christian Church  
of Hopkins Yesterday.

The funeral services for Mrs. Don  
Ingram of Hopkins, who died Monday  
night, were held at 2 o'clock at the  
Christian church of Hopkins. The ser-  
vice was conducted by the Rev. D. W.  
Griffith, pastor of the Baptist church.  
Mrs. Ingram was 44 years old and is  
survived by her husband and two  
daughters, Mrs. Harry Miller of Eagle-  
ville, Mo., and Mrs. Sylvia Auten of  
Akron, Colo.

### Guest of the Fords.

Robert VanLeer Wayland of West  
Plains, Mo., arrived in Maryville yes-  
terday to visit his daughter, Mrs. Eliz-  
abeth W. Ford, and family, of South  
Main street.

## Your Summer Hat

Now is a good time to select a new sum-  
mer hat from our late line of Panamas.  
Conservative and snappy late designs as  
you wish them. Prices as reasonable as  
may be found. Better come in and look  
the line over. You will be ready for  
straw hat time and have the advantage  
of first choice.

## Your Summer Shirt

We have a complete line of new summer  
Shirts. Standard makes in Silk, Linen  
and Cotton. You can find just what you  
want and at the price you want to pay.  
You should see these new arrivals  
of summer wear for your own ad-  
vantage.

## GOLD DUST

and how it actually works for you

The active principle of Gold Dust is a valuable antiseptic cleansing agent.

It actually works. It gets into the little corners and crevices where fingers and washcloths can't reach.

It permeates and dissolves dirt, grease and grime everywhere and it cleans and brightens everything.

Use Gold Dust not only for washing dishes, but for washing bathtubs and bathroom fixtures, scrubbing floors, washing woodwork, cleaning and freshening linoleum and oilcloth, cleaning and brightening pots, pans and cooking utensils, giving luster to glassware—in short, for any and every cleaning and brightening purpose.

### DONALD ROBEY RE-ELECTED.

Will Head Manual Training Department of Palouse, Wash., Schools.

Donald S. Robey, a son of A. S. Robey of this city, who is head of the manual training department of the schools at Palouse, Wash., has been unanimously chosen by the Palouse school board as teacher for the coming year.

Since receiving the teachership at Palouse Mr. Robey has been appointed to a government position in the schools of Porto Rico, and the Maryville relatives have not been advised as to which he will accept.

Mr. Robey is a graduate of the State Normal school, and went to Palouse several weeks ago to fill a vacancy in the manual training department.

### A Convalescent

requires a food tonic that will rapidly build up wasted tissue.

**Reynolds' Olive Oil Emulsion**

is a most reliable preparation which we always recommend for that purpose.

Orean-Henry Drug Co.

### PHARES CHOSEN DIRECTOR.

Elected to Fill Vacancy on Board of Homestead and Loan.

At a recent meeting of the Maryville Homestead and Loan directorate, W. F. Phares was elected to fill the place on the board of directors made vacant by the death of C. H. Butcher.

The personnel of the board is J. G. Grems, president; Nick Sturm, vice president; W. C. Pierce, treasurer; M. Nusbaum, Richard Kuehn, Dr. J. C. Allender, Roy Curfman, C. W. Yehle and W. F. Phares.

### NORMAL SOCIETIES MEET.

Eurekans Plan May Festival Today—Philomatheans Study Riley.

The Eurekan Literary society will hold a May festival in its regular weekly meeting at 4 o'clock this afternoon. The Philomatheans will have a study of the Hoosier poet, James Whitcomb Riley. His life will be reviewed by Miss Eula Snowberger, and his literary characteristics by Miss Ada May Browne. Readings from his works will be given by Miss Doris Callahan and Miss Elizabeth Cook.

A duet will be given during the study by William Utter and Ray McPherron.

### TO ADDRESS HOPKINS SCHOOL.

W. M. Westbrook and Ira Richardson Speak Tomorrow at Patrons' Day Stunt.

President Ira Richardson of the State Normal school, and W. M. Westbrook, superintendent of the public schools of Maryville, will deliver addresses at the Hopkins school "patrons' day" stunts tomorrow afternoon. President Richardson will speak on "The Aim and Value of a High School Education," Prof. Westbrook will address the school on "How Parents Can Co-operate with the School."

The program will begin at 1:30 o'clock. No school children will be permitted to attend on account of lack of room to seat both patrons of the school and their children.

### Arrives from Des Moines.

Mrs. Lewis Diss of Des Moines, Ia., is visiting in the city, the guest of her parents, Mr. and Mrs. E. T. Funk.

### Biennial Dates Changed.

The date of the coming biennial meeting of the Missouri Federation of Women's clubs to be held in St. Joseph, has been changed from May 5, 6 and 7, to May 26, 27 and 28. The conference and business sessions are to be held in the First Methodist church, and some splendid programs have been arranged.

The plan of entertainment as prepared by the club women of St. Joseph includes for the main features a dinner at the Robidoux hotel at 7 o'clock Wednesday night, May 26, for the delegates and the members of the state board of the club, which will be followed by a reception in the tea room. The following day an open air session will be held in the afternoon at the suburban home of Mrs. W. K. James, at Avenue City, and this will be followed by a buffet supper at the Country club. Auto and trolley rides and other recreation will be included.

The Missouri federation includes more than 200 clubs, with a membership of 9,000 women.

Mrs. M. G. Tate, Mrs. William J. Montgomery and Miss Dorothy Pierce will represent the Twentieth Century club at the meeting and the club is hoping to have at least fifty members attend.

### Miss Carmichael Complimented.

Miss Goldie Carmichael of Pickering was the honored guest of a dinner party given last night by Miss Dollie Dowell at her home, 516 North Buchanan street.

### M. I. Meeting Deferred.

The meeting of the Mutual Improvement Circle which was to have been held Tuesday afternoon at the home of Mrs. Florence Staples, was deferred, and the program will be consolidated with that of the first meeting in May.

### Attend St. Joseph Play.

Mrs. M. C. Gwinn and daughter, Mary, of Bedison, accompanied by their guest, Miss Sylvia Gwinn of Slater, Mo., went to St. Joseph yesterday to spend the day with friends and to witness "The New Henrietta," given at the Lyceum theater.

### M. S. M. Club Picnic.

The M. S. M. club enjoyed a picnic supper last night at the home of one of their number, Miss Isora Pierpoint, the daughter of Mr. and Mrs. Henry Pierpoint, living just north of the city. Fourteen were in the party.

### W. O. W. to Give Entertainment.

The Woodmen of the World will give a social tonight in their hall in the Mutz building for their members and friends. Games, music and refreshments will be the pleasures of the evening.

### D. A. R. to Meet.

The local chapter of the Daughters of the American Revolution will meet Saturday afternoon at the home of Mrs. Joe Jackson, Jr., wife Mrs. R. C. Beight, Miss May Corwin, Miss Dora Carpenter and Mrs. Jackson hostesses.

### Meeting Called Early.

The meeting of the Robidoux Lodge to be held tonight is called for 7:30 o'clock prompt. Some matters of importance are to be transacted and the meeting is called early in order to allow the session to adjourn in time for the members to attend other affairs of the evening.

### B. L. to Have Sunday Breakfast.

The Epworth League of the First Methodist church will have a sunrise picnic breakfast tomorrow morning at Normal park. The affair is entirely social and all members of the league and visiting friends will participate. The custom of holding an April breakfast was inaugurated last year.

### Club Meets With Mrs. Tate.

The final meeting of the year for the Shakespeare department of the Twentieth Century club was held in the tea room of the Elks club yesterday afternoon with Mrs. M. G. Tate, hostess. The program hour was devoted to the study of "Milestones," by Arnold Bennett. Miss Ruth Montgomery gave a synopsis of the first act, and Miss Mary Frances Ford that of the second and third acts. A general club discussion of the book concluded the program. During the business period the department officers for the coming year were selected. They were Mrs. Gallatin Craig, chairman; Mrs. John Cameron, vice chairman, and Miss Oril Helwig, secretary. The retiring chairman, Mrs. M. G. Tate, who has been chosen president of the club for the coming year, was presented with a sterling spoon as a recognition of her earnest service during the past. Mrs. George Robert Eaton, the retiring secretary, was extended a vote of thanks in behalf of the club. Mrs. Eaton was selected recording secretary of the club at the annual election held April

20. At the conclusion of the session Mrs. Tate invited the members to be her guests at a social hour and luncheon.

### Returns from Illinois.

Mrs. Mary A. Phares has returned from a visit of several weeks with relatives in Illinois.

Read Democrat-Forum want ads.

## Alderman Yehle Dry Goods Co.

WEST THIRD STREET, MARYVILLE, MO.

## May Sale of White Goods Begins Saturday, May 1st

WE have been planning on this MAY WHITE SALE for the past few months, and have succeeded in assembling a very complete stock of White Goods in every variety and novelty that will be popular during the White Goods season.

We will not attempt listing or describing all the items that are included in this sale, but we will merely mention a few of the items to give you an idea of the reduction that will prevail. It is necessary for you to visit the store in order to appreciate the extensiveness of this sale. We really expect it to be the "Greatest ever."

This sale is being launched just at a time when White Goods are most needed and you are offered the advantage of selecting from fresh, new stocks while every white goods section is at its best. DO NOT FAIL TO COME.

### Entire Line of White Wash Goods

## DODGE BROTHERS MOTOR CAR

With the joy of spring in your blood, there is a constant temptation to be at the wheel of a car like this.

Its instantaneous responsiveness, the ease with which it gets under way, the abundance of power, the pronounced gliding sensation, the steadiness at high speed, the freedom from road-shaking, the soft, full leather cushions, the sensitive springs—these and other qualities enable you to realize to the full the delights of motoring.

The wheel base is 110 inches.  
The price of the car complete is \$785 (f. o. b. Detroit)

Sewell and Carter  
MARYVILLE and BURLINGTON JUNCTION

Remember this Sale begins SATURDAY MORNING, and many items not listed above will carry reductions---COME EARLY.

### END DRAINAGE HEARING TODAY.

Testimony in Double Suit of Constructors and Nodaway Improvers Over.

Testimony in the hearing resumed in circuit court here yesterday in the double suit involving the Nodaway drainage district No. 2 and Sternberg & Sons of Kansas City, constructors of the drainage ditch along the Nodaway river from the Iowa line to Quitman, will end this afternoon.

Oral arguments and probably briefs will then have to be submitted at a later date before a decision is rendered by Referee P. Brett of Savannah.

### Were Royally Treated.

The editors who met at Maryville last week had a big time and were royally treated by the people of that splendid town.—Stanberry Herald.

### DODGE CARS HERE.

Carload Shipment Received for Sewell & Carter—The First Shipment.

A carload of Dodge Brothers motor cars was received today by Sewell & Carter. This is the first shipment received here of these, and others will be received soon. Today's shipment will meet only immediate demands.

Unusual demands for the Dodge car are reported from all over the country.

**QUITMAN NEWS.**

Miss Addie Vanripple of Clearmont is visiting Miss Kathryn Broyles.

Mr. and Mrs. Monroe Linville gave a dinner party Sunday, entertaining Mr. and Mrs. Lester Linville and son and Mr. and Mrs. W. M. Reed and family.

Miss Laura Walton visited last week with relatives in Skidmore and Elmo.

Mr. and Mrs. James Shull and son, Claude, were the guests Sunday of Mr. and Mrs. Roy Slawson.

Virgil Dawson and Ora Linville spent Sunday visiting Mr. and Mrs. Carl Keever.

Mr. and Mrs. I. D. Tarpley and family, accompanied by Grandma Tarpley of Skidmore, and Mr. and Mrs. W. D. McDonald spent Sunday visiting Mr. and Mrs. Jerry Tarpley of Burlington Junction.

Miss Amanda Closser of Kansas City is visiting at the home of Mr. and Mrs. Asa Broyles.

Mr. and Mrs. Orville Willhoite and daughter spent Sunday with Mrs. Willhoite's father, John Taylor.

Mrs. Lester Linville and son visited Monday with Mr. and Mrs. N. B. Shrewsbury. They were accompanied home by Ralph Shrewsbury, who will be their guest for a short time.

Miss Veronica O'Grady closed a very successful term at the Pleasant Hill school Tuesday. A fine dinner was enjoyed, after which a program was given by the children.

Miss Zella Davis is spending the week with relatives living east of Maryville.

Mrs. Orville Willhoite is suffering with a badly sprained ankle.

Howard Baker and Elmer Daise were the guests of a dinner given Sunday by Thomas Walton and family.

Miss Esther Sutterlin of Maryville spent last week a guest at the home of Mr. and Mrs. F. C. Kelley.

**WHEAT PESTS APPEAR.**

Chinch Bug and Hessian Fly at Work in Several Missouri Counties.

The chinch bug and the Hessian fly are developing in threatening numbers in some counties in Missouri this week, according to Jewell Mayes, secretary of the state board of agriculture, who has returned from a trip of inspection of crop conditions throughout the state. Many wheat growers are worried about the conditions, he says.

Farmers all over the state are busy planting corn. The soil conditions remain fine, with a tendency toward lack of moisture in some sections.

**Swan Chapel M. E. Church.**

The third quarterly conference for the Graham circuit, M. E. church, will be held in the Swan Chapel church at 3 o'clock, Saturday afternoon, by Dr. W. B. Christy, district superintendent. Dr. Christy also will preach at 11 o'clock Sunday morning and administer the sacrament of the Lord's supper. All are cordially invited.

G. C. WADSWORTH, Pastor.

**ONE SPOONFUL GIVES**

**ASTONISHING RESULTS**  
Maryville residents are astonished at the quick results from the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka. This remedy acts on both upper and lower bowel and is so thorough a bowel cleanser that it is used successfully in appendicitis. One spoonful of Adler-i-ka relieves almost any case of constipation, sour or gassy stomach. One minute after you take it, the gasses rumble and pass out. The Koch Pharmacy.

**Fight Disease Inter-State.**

Because a microbe can get over a state line without any trouble, an effort will be made during health week, to be observed in St. Joseph May 10 to 16, to organize a Missouri Valley Health society, the purpose of which will be to bring the state of Missouri, Kansas, Nebraska and Iowa into co-operation in the fight against disease.

**FIRE PREVENTION ADVICE**

Keep your chimney clean. When it catches fire the sparks usually fall on your roof or your neighbor's—you know what happens next.

Keep metal around and back of all stoves.

Don't start bonfires on windy days or in dry weather. Always put them out with water before leaving them.

Examine your electric wiring. Use only safety matches.

Don't leave rubbish or waste scattered about.

Keep ashes in a metallic receptacle.

Label all receptacles containing gasoline "poison." Gasoline is one of the chief causes of fires.

Have a fire extinguisher in the house. It is better than a lightning rod.

Remember, water will not put out gasoline. Use sand, ashes, salt, flour, anything of that kind.

65. Smith, John B., William C. Pierce, administrator, C. T. A.

MABEL E. HUNT,  
Clerk of Probate.

**Beware of Ointments for Catarrh That Contain Mercury**

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c. per bottle. Take Hall's Family Pills for constipation.

Of the total number of 7,317,922 negroes ten years ago and over enumerated in 1910, 5,192,535, or 71 per cent, were reported as gainfully employed, the percentages for males and females being 87.4 and 54.7 respectively.

The cottonseed oil production of the United States is now more than 200,000,000 gallons a year, or five times as much as in 1890.

**Rexall**  
"93" Hair Tonic  
stops the hair from falling out  
Orear-Henry Drug Co.

Of the 9,827,763 negroes in the United States in 1910, 7,777,077, or 79.1 per cent were reported as of pure negro blood, the remaining 2,050,686, or 20.9 per cent, being classed as "mulattoes." For census purposes "mulattoes" cover all persons of mixed white and negro blood whatever the proportion. The census figures indicate a continuous increase in the percentage of mulattoes during the last forty years.

We guarantee them to be satisfactory to you. Sold only by us, 10 cents.

Orear-Henry Drug Co.

**WOMAN WALKS 1,000 MILES**

Mrs. Cecile Storr, Conception, Adjudged Insane, Escapes from Washington to Find Boy.

A pitiful story of a mother's love, her sacrifice of a 1,000-mile walk alone to see him, and then to be adjudged insane at the son's request, is told in a letter received today by County Clerk Fred J. Yeomans, for transmission to the county court, from J. Arthur Storr, a student in Conception college, Conception. The woman, Mrs. Cecile Storr, who is 59 years old, was declared to be insane by Dr. William Stuckie of Conception Junction Tuesday, according to the son.

He asks that the county court have her officially declared insane and sent to some institution for such persons for treatment and care. This, Judge W. M. Blackford, presiding judge of the county court, announced would not be done, unless it could be proven that the woman is a bona fide resident of Nodaway county, and that she was sane when she came here.

**Fear She Will Kill Herself.**

A proposition, however, to furnish her transportation back to Washington, from whence she came, will be considered at the next meeting of the county court Monday. The son also will probably bring his mother before the county board at that time to testify in the case.

According to the letter received from the son under date of April 28, Storr left Washington about a year ago to enter the Catholic college at Conception, leaving his mother in the care of the Catholic Sisters at Washington. He says she escaped from them, and starting out alone and afoot, reached Conception to be with her son.

He says she has lived alone there the past winter, and that there is danger that she will either kill herself or someone or set fire to her home and furnishings.

**Maryville Showed 'Em.**

While it was impossible for the editor of the Journal to attend the meeting of the Northwest Missouri Press association held in Maryville last Friday and Saturday, the reports of the meeting show that it was such a success that the association now wants to make Maryville the annual meeting place.

Maryville has two of the best and liveliest daily papers in Missouri, and the editors, "Jim" Todd and Fred Hull, know how to show the visiting brethren a good time, and the Commercial club back of them is just as full of pep as they are.

A combination like this always makes a good town a real "live wire," and the visiting editors appreciate the fact by saying many nice things about our county seat.—Hopkins Journal.

**AH! HOW "TIZ" HELPS  
TIRED, ACHING FEET**

"O, Glorious Relief! How My Sore, Swollen, Sweaty, Calloused Feet Ached For 'TIZ.'"

"Pull, Johnny, Pull!"  
Ah! what relief. No more tired feet; no more burning feet; no more swollen feet; no more sore, calloused, bunions. No matter what ails your feet or what under the sun you've tried without getting relief, just use "TIZ." "TIZ" is the only remedy that draws out all the poisonous exudations which puff up the feet. "TIZ" cures your foot trouble so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore and swollen. Think of it, no more foot misery, no more agony from corns, callouses or bunions.

Get a 25 cent box at any drug store or department store and get instant relief. Wear smaller shoes. Just once try "TIZ." Get a whole year's foot comfort for only 25 cents. Think of it.

**FIRE DOES \$75 DAMAGE**

Defective Flue or Sparks Fires Attle at Ralph Eversole Home.

Fire, caused by a defective flue or sparks on the roof, did about \$75 damage at the two-story residence of Ralph Eversole, No. 311 South Buchanan street, at 2:30 o'clock this afternoon. Prompt work by the first department prevented further devastation from the flames. The fire was first noticed by Mrs. Thomas Wadley and Dennis Reynolds, working nearby.

The first belief that the fire was caused by faulty electrical wiring was disproven when it was observed that the wires were some distance apart, preventing any "short" circuit, and that the switch below was turned off. A fire was in one of the stoves connecting with the flue at the time.

Part of the roofing on the south side of the house was burned away before the fire was extinguished by chemicals.

**Maryville People Give Credit Where Credit is Due.**

People of Maryville who suffer with weak kidneys and bad backs want a kidney remedy that can be depended upon. Doan's Kidney Pills is a medicine for the kidneys only, and one that is backed by willing testimony of Maryville people. Here's a case:

Mrs. R. Snyder, 1108 East Third street, Maryville, says: "My kidneys bothered me for quite awhile, and I had a dull pain across my back. I felt tired all the time and couldn't rest well. After using a few boxes of Doan's Kidney Pills I got great relief. My health has been better since."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Snyder had. Foster-Milburn Co., Props., Buffalo, N. Y.

**CATTLE BRING FANCY PRICES.**

Five Prize Shorthorns from Ogden & Son Herd Bring \$1,570.

Lawrence Ogden returned at noon today from Kansas City, where he went to attend the Shorthorn stock sale, at which Ogden & Son exhibited a number of head from their herd.

Five animals from the Ogden herd were sold, bringing an average of \$314 per head. The highest price brought by any one of the cattle sold was \$450 and the lowest \$200.

One passenger was killed for each 4,900,000 passengers carried by the rail roads of the United States during the last year.
